

# Two Zeppelins Wrecked In Raid On England; German Army Only 37 Miles From Bucharest

## German Airplane Makes Attack On London; 4 Injured

London, Nov. 28.—Flying at a great height a German airplane this morning passed over London and dropped six bombs on the capital, according to an official statement issued this afternoon. Four persons were injured and only slight material damage, it added, was caused.

Shortly after noon the news spread rapidly through London that a German airplane over the town was dropping bombs. The airer flew at a great height. Crowds gathered quickly at points where the bombs fell. The four injured persons were taken to a hospital. The material damage was very slight, consisting largely of broken windows.

LONDON, Nov. 28.—Two Zeppelins which raided the northeast coast and the north Midland counties during the night were brought down and destroyed by British airmen, and it is understood the crews of both airships perished. This makes a total of seven German airships destroyed in England in the present year, while six have been brought down in other fields of operation.

One woman was killed and 13 persons were injured in the Zeppelin raid. The airships dropped 100 bombs.

The two months of immunity which Great Britain had had from hostile air raids led many persons to believe the Germans would not risk any more airships in attacks, which, while causing numerous casualties among civilians and damage to private property, were said in England to have gained no military advantage for them. The authorities regarding the protection of London as fairly complete continued their work, however, with the object of rendering other parts of the country safe. The success of the air patrols this morning has given the greatest satisfaction here.

Official reports do not say how many airships crossed the coast, but apparently they were bombarded so severely by anti-aircraft guns as well as being attacked by airplanes that they were unable to do much damage. Lights were turned out in all the towns in the districts affected as soon as reports of the approach of airships were announced and the commanders of the Zeppelins apparently had difficulty in locating themselves. A number of bombs were dropped, although no reports of damage in any towns have been received thus far.

One Zeppelin discharged her cargo of explosives in Yorkshire and Durham. She was attacked by a single aeroplane and fell in flames off the Durham coast. Another got as far as the north Midland counties and likewise dropped bombs. She was attacked by aeroplanes and guns and apparently damaged but effected repairs after reaching the Norfolk coast and started for home at high speed and at a high altitude.

Naval airplanes were awaiting her and with the aid of an armed trawler brought her down before she had gone many miles.

## HOUSEWIVES AND OFFICIALS USING EGG BOYCOTT AS WEAPON TO ATTACK HIGH COST OF FOODSTUFFS

### AMERICAN SHIP SUNK, CLAIMED

### Shots Strike An American Ship

New Orleans, Nov. 28.—The U. S. Public Health service ship Neptune arrived here today with two holes through her smoke stack and reported they had been made by shots from the British steamer Seythian, of the Leyland Line at the quarantine station down the river last Saturday.

The holes were made by rifle bullets and were supposed to have been fired by some person on the Seythian who was unidentified.

No information was given in the report of the affair as to whether the shots were deliberately fired at the Neptune or whether some one aboard the Seythian was at target practice. It was stated, however, that the shots were fired after the officer in charge of the quarantine station had refused permission to some one on the steamer to shoot the rifle.

Washington, D. C., Nov. 28.—Reports to the Public Health service say the shots on the steamer Neptune fired from the British steamer Seythian undoubtedly were accidental and indicated that they were fired at some object in the river.

## Say Villa Controls Chihuahua

El Paso, Texas, Nov. 28.—United States government officials here claim to have received positive information regarding the reported evacuation of Chihuahua City by General Jacinto Trevino, the Carranza commander because of a shortage of ammunition. These officials have sent an official report to Washington regarding this report.

### OHIO TO BE HOST AT PRINTERS' MEETING

Columbus, O., Nov. 28.—Members of the executive committee of the Ohio Printers' Federation, who met here yesterday, unanimously voted to invite to this city for an interstate meeting in October, 1917, delegates from printers' organizations in Michigan, Kentucky, West Virginia, Indiana, Tennessee and Western Pennsylvania. It was made known today. The Ben Franklin Club, of Columbus, will have charge of the proposed convention arrangements.

### FOUND GUILTY OF MURDER; MUST HANG

Huntsville, Ala., Nov. 28.—David D. Overton, former clerk of Madison county circuit court, on trial here for murder of Probate Judge William T. Lawler, his political opponent, today was found guilty of first degree murder. The court set January 12 for the hanging. He pleaded self defense.

### WINE ROOMS CLOSED

Columbus, O., Nov. 28.—State Liquor License Commissioners today estimated that 50 wine rooms in Ohio had been closed with the beginning of the new license year which started yesterday. They said they had issued general orders that no licenses were to be issued to proprietors of wine rooms and so far as known, orders had been carried out.

New York, Nov. 28.—The attack on high food prices, begun here by the Housewives' League and certain city officials, spread today throughout New York state. Encouraged by news of sympathetic efforts in other states, the promoters declared that the movement promised to become a nation wide.

The local campaign centers now upon eggs, and, beginning today, recommends a two weeks' boycott. The efforts of the state and city officials were supplemented by Cornelius F. Burns, mayor of Troy, and president of the Mayors' Association of the state.

Mayor Burns announced that he would send letters to the mayors of every city in New York state, to President Wilson and to the governors of all states requesting the issuance of proclamations urging people to abstain from using eggs other than for the aged, sick, infirm and children during a period of two weeks.

The Housewives' League of St. Paul, Minn., and The Women's City Club of Chicago, yesterday adopted resolutions declaring for a boycott on eggs.

The Motion Picture Exhibitors' Association has volunteered the use of every moving picture theatre in the city to carry out the campaign. Slides will be shown telling the people what to do to break up the combination of these held responsible for the high prices.

Official state action under the direction of Governor Whitman, was forecast in the announcement that the governor was in conference with George W. Perkins regarding remedies which the state could undertake. Mr. Perkins is chairman of the Mayors' Committee on food supplies. The governor plans to enlarge the commission of foods and markets through a legislative program now under preparation.

### BOYCOTT ON TURKEYS

Spokane, Wash., Nov. 28.—The Woman's Good Government League today adopted a resolution declaring a boycott on turkeys, butter and eggs until prices are reduced.

### Conservancy Law Is Upheld

Columbus, November 28.—The supreme court of Ohio again upheld the Vanderheide Conservancy law today when it refused to review the case of Miami county and others against Edward A. Deeds and the Montgomery county conservancy commission, thus removing the last legal obstacle in the way of flood protection plans in the Miami valley.

By overruling a motion to dismiss the case of the city of Fremont against Charles Keating today the supreme court indicated it will give consideration to the question of the right of municipalities to pass ordinances regulating the rate of speed of automobiles. Many cities over the state are vitally interested in this question. In the Fremont case the lower courts held that ordinances passed by cities regulating the rate of speed, even if they were the same regulations provided in the state law, were unconstitutional.

A railroad company may be sued in any county of the state where service can be secured upon one of the chief officers of the company, no matter whether that road has lines running into the state or not, it was decided by the Ohio supreme court today.

### CARRIED NO PASSENGERS

Amoy, China, Nov. 28.—The British steamer Glenage sailed from this port yesterday evening. She carried no passengers.

### BOUGHT FOR 24¢, SOLD FOR 43¢

New York, Nov. 28.—Eggs purchased in Indiana at 24¢ a dozen in June sold in New York at 43 cents a dozen on November 18, according to testimony developed today by the Wicks legislative committee investigating the price of foodstuffs in this state.

Chicago, Nov. 28.—Headed by the Women's City Club and the Chicago Political Equality League, members of several civic organizations and women's clubs today were co-operating in an attempt to check soaring food prices.

The Women's City Club and the Chicago Political Equality League are centering their efforts on an egg boycott. Members of the former have pledged themselves to refrain from the use of eggs as long as the present high prices continue and members of the latter have adopted a resolution to boycott eggs for four weeks and to appoint a committee to investigate the possibility of legislative action.

In addition five measures designed to curb the advancing cost of living were introduced in the council. Those adopted included one calling on the city health commissioner and the chief of police to enforce the city ordinance prohibiting regrading of eggs.

### TURKEYS "GO BEGGING"

Pittsburgh, Pa., Nov. 28.—Following refusal of buyers here to purchase turkeys at high prices, many thousands of the fowls were still unsold today, and the quotations are likely to take another tumble during the day. Annually great quantities of the birds are shipped to Pittsburgh from Ohio, West Virginia, and other nearby states just before Thanksgiving and the supply this year is even larger than in the past. Shippers yesterday asked 28 to 29 cents per pound for live turkeys and only sold a few at 25 cents a pound. Some dealers here expect the prices for dressed turkeys will quickly drop from 40 cents a pound to about 35 cents.

### STAMPEDE TO SELL WHEAT

Chicago, Nov. 28.—Wheat prices went to pieces late today in a general stampede to sell. Extreme losses of 13 5/8¢ a bushel were shown for a brief interval, the December delivery falling to \$1.60 as compared with \$1.73 1/2 to \$1.73 5/8 a bushel yesterday. Rallies, however, took place before today's session ended and the finish, although excited, was at a setback of 5 to 7 5/8 cents net.

### DEUTSCHLAND TO BRING KAISER'S XMAS GIFT TO PRESIDENT WILSON

Geneva, Switzerland, Nov. 28.—(Via London).—Kaiser Wilhelm will send to President Wilson as a Christmas present a DeLuxe set of American authors specially prepared, printed and bound at the royal printing works in Berlin, according to the Budapest newspaper Aest. The German submarine Deutschland, the newspaper says, will carry the gift to the United States on her next trip across the Atlantic. Emperor William's Christmas gift to Pope Benedict will be a Bible beautifully illuminated and bound.

### FAIL IN ATTEMPT

Paris, Nov. 28.—German and Bulgarian troops on the Macedonian front made four counterattacks last night in an effort to drive the Serbians from Hill 1050 in the Cer river region, which was captured yesterday. The war office announces that the attacks failed with heavy losses.

### THREE MORE PASSAGES

Sofia, Monday, Nov. 27.—(Via London).—Bulgarian troops have effected three more crossings of the Danube, all of them behind the Austro-German front in Western Rumania. Three crossings were made from the Bulgarian fortresses of Rahovo, Lom-Palanka and Vidin. This announcement was made by the war office which also reports the repulse of Russian-Rumanian attacks in Dobruja.

### YPPRES LINE SHELLED

London, Nov. 28.—"Last night our line north of Ypres was heavily and continually shelled," says today's official communication. "Our casualties were small. We exploded a mine southeast of Souchez and consolidated the sector. Three enemy bombing attacks against the crater were repulsed."

## Semi-Circle About Rumanian Capital Is Drawn Closer

NEW YORK, Nov. 28.—Two important announcements are made by Berlin today in reporting continued progress of the Teutonic invasion of Rumania the capture of Giurgiu on the Danube and the taking of Curtea De Arges on the Argechu river, 80 miles northwest of the capital. The capture of Giurgiu places Field Marshal Von Mackensen's army advancing from the southwest only 37 miles from Bucharest, with a railroad running thence along which the advance may be pressed.

In occupying Curtea De Arges, General Von Falkenhayn's troops apparently have driven the Rumanians from the line of the Topolog and may even have broken near its northern end, the line of the Argechu, along which the Rumanians are expected to make a decisive stand.

Thus the semi-circle drawn about Bucharest and the Rumanian armies is gradually but steadily being drawn closer. Substantial successes are reported by Berlin in the new operations for tightening the grip.

Considerable interest is attached to reports of artillery activity that continue to come from the Ypres, Arras and Amiens districts, toward the northern end of the Franco-Belgian front. The Ypres sector, in particular has been twice mentioned within the last twenty-four hours in the British reports, last night as the scene of a British bombardment while today heavy German shelling of the line north of Ypres is reported. Recent reports from Berlin declared that indications were accumulating that an attack by the German lines on the western front was in contemplation. Berlin today emphasizes the importance of the German-Bulgarian success in defeating a strong attack by entente forces along a wide front in the Moesian region. Extremely heavy losses are declared to have been suffered by the French, Serbians, Italians and Russians in an assault which netted them nothing.

### APPEALS TO NEUTRALS

Athens, Greece, Nov. 28.—(Via London).—The government of Greece has appealed to the neutral nations through the Greek diplomats at the respective neutral capitals against "the coercion being employed by the entente powers towards Greece."

### RUSSIAN FIRE INCREASED

Berlin, Nov. 28.—(By Wireless to Sayville).—An increase in the intensity of the fire of Russian guns in the region southwest of Divinsk, on the eastern front, is reported in today's official statement. Inactivity prevailed on the remainder of the line in Russia and Galicia, according to the army headquarters report.

### GERMANS ADVANCING

Berlin, Nov. 28.—(Via wireless to Sayville).—The Austro-German forces in western Rumania are continuing with success their drive toward Bucharest, the war office announced. New operations have been begun and additional ground has been gained by the invaders.

The Bulgarians have captured the important Danube town of Giurgiu on the railroad south of Bucharest.

The Rumanian town of Curtea de Arges, south of Campulung, has been captured.

On the western front there have been no military operations of a major character.

The forces invading Rumania are now within less than forty miles of Bucharest. The town of Giurgiu, across the Danube from the Bulgarian fortress of Kustchuk, is 37 miles south of the Rumanian capital. It has considerable importance from a military standpoint, owing not only to its position with respect to Bucharest but to the fact that it is connected by railway with the capital.

The attack on Bucharest from the north also is developing rapidly. The town of Curtea de Arges is 80 miles northwest of the city. It is 20 miles southwest of Campulung in the vicinity of which there has been heavy fighting for several weeks.

### FAIL IN ATTEMPT

Paris, Nov. 28.—German and Bulgarian troops on the Macedonian front made four counterattacks last night in an effort to drive the Serbians from Hill 1050 in the Cer river region, which was captured yesterday. The war office announces that the attacks failed with heavy losses.

West Virginia—Probably rain tonight and Wednesday. Moderate temperature.

Kentucky—Overcast weather with probably local rains tonight and Wednesday.

West Virginia—Probably rain tonight and Wednesday. Warmer in south and east portion tonight.

## POLICE NEWS

A man giving the name of William Beasson, who was arrested a few nights ago for creating a disturbance on a street car, got himself in trouble again by appearing in police court Tuesday in an intoxicated condition.

Beasson had failed to keep his word and report for trial Monday evening, and added "insult to injury" when he stepped into the room Tuesday puffing vigorously at a cigarette and when addressed by the court rested his elbows on the mayor's desk and wanted to get confidential. He doled around until the mayor in disgust fined him \$25 and ordered him locked up. Beasson admitting that he had no money or way of raising any. Beasson had interfered with a street car crew while they were engaged in ejecting another drunk.

Testimony given by Officer Osborn was that Wes Hammock was drunk Saturday night, had uttered threats against an East End business man and that a half pint of whiskey was found on him. The mayor, who had previously reserved decision accordingly fined Hammock \$5. George E. Day was the name given by a young man found in a drunken condition in the East End after midnight. He was fined \$5. John Ackerman, a Civil war comrade for whom Bailiff Joe Stokley had vouched, failed to appear to answer to a charge of intoxication. The court suitably reminded the bailiff of his duty and Joe promised to have his friend's "body" in court ere the day ended.

### Step-Father Is Accuser

Will Reavley, a colored young man, was locked up by Officer Leeds Tuesday morning on an affidavit filed by his step-father, John Wilkerson, colored, charging him with breaking into his trunk at the N. & W. depot and stealing a \$16 suit of clothes, pair of \$6 shoes, a \$3.50 hat and waist.

Wilkerson said that Reavley and mother had preceded him from fronton to Portsmouth by several days and that he had forwarded the checks for his trunk to her. Little dreaming she would turn them over to the young man. He said he found upon his arrival that she had taken up with another man while her son had ransacked his trunks and disposed of some of the contents. He said Reavley had given the waist which belonged to his mother, to a girl.

Wilkerson's pocketbook was found upon Reavley when he was arrested at Theo. Pierson's cafe. Reavley claimed that his mother told him to open the trunks and take out the articles mentioned to sell that she might pay her lodging expenses at a Findlay street home with the proceeds.

## ENTHUSIASTIC BARBOURSVILLE MAN SPOKE OUT

"Nerv-Worth the World's Greatest Nerve Tonic," Said Bob Wertz.

This Nerv-Worth endorsement from Bob Wertz is pithy and weighty.

"I want to say to my friends and neighbors what Nerv-Worth did for me. My trouble was a general run-down condition, I was very nervous, no appetite, very little sleep, weak and tired, stomach trouble, no ambition, despondent and many other ailments too numerous to mention. I bought three bottles of Nerv-Worth and am a well man. Feel good all the time and can do things now which it was impossible to do before. The world's greatest nerve tonic is Nerv-Worth, I say."

Mr. Wertz, a Barbooursville, W. Va., man (R. F. D.) signed his name to the above with a grateful heart. So are other thankful Nerv-Worth users doing wherever Nerv-Worth has been introduced. Buy a bottle today at the Fisher & Streich Pharmacy, Portsmouth. Your dollar back if it fails to help you.

## SCRATCHED 10 YEARS HEALED IN ONE WEEK

Finally Cured By Using One Dollar Bottle of Amolox.

One bottle of Amolox cured me. For ten years I suffered with eczema of the scalp, my head being covered with scales and scabs. I tried everything recommended and everything advertised without relief until I bought a bottle of Amolox. It relieved the itching at once and one bottle entirely cured my eczema. I heartily and cheerfully recommend it to all sufferers of the horrible disease.

JAMES W. SEWARD, Brazil, Indiana. Amolox ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin diseases that, about once for years, yield more quickly when both ointment and fluid are used. Trial size 5c. Wertz Bros. Drug Store, Portsmouth, guarantees Amolox, and will refund the money if it fails to give satisfaction. ## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look At Tongue! Then Give Fruit Laxative For Stomach, Liver, Bowels

"California Syrup of Figs" Can't Harm Children and They Love It

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Rader admitted owing the woman a small board bill but denied that he stole from \$14 to \$19 in money and a \$10.50 blue serge suit of clothes from Clarence Klesner and a shirt from another boarder, Clarence Williams. Klesner, after court, however, identified the suit Rader was wearing as the one stolen from him although he said the item name tags had been torn out. Rader claimed to have the suit at Erie, Penn. It seemed to him peculiar. He admitted to having been arrested once in his hometown of Gallipolis for stealing a suit of clothes.

The mayor told Rader that if he reimbursed the woman and the boarders for the losses they had suffered he would probably reduce the sentence he had imposed.

## NEW YORK STOCKS

New York, Nov. 28.—Sentiment was again unfavorably affected today by various developments, foreign and domestic, including the former money tendencies and heaviness of international war issues. Total sales were estimated at 1,200,000.

Pressure was renewed after the first hour, the so-called war issues showing less resistance. A five percent rate quoted for call loans also exerted an adverse influence. Activity of commission houses suggested further selling by the out of town public, but local liquidation seemed to be nominal and easily absorbed. Dealings in rails were largely limited to coalers and minor issues, chiefly those of irregular and moderate rallies were scored at noon. General news inclined new low records for German and Austrian exchange, another large gold import from Canada and further exports of the metal to South America. International bonds were heavy.

The note of warning sounded by the federal reserve board created little more than a ripple on the financial surface at the outset of today's trading. Some of the more speculative issues declined a point with similar reversals in leading industrial, equipment and technical conditions as much as any other class. Rails, notably Union Pacific and Reading were firm and a further inquiry for oil was noted. Oil gas featured utilities at a 5 point advance. More stability was manifested at the end of the first half hour.

Prices sagged more or less steadily in the first hour with less support for leading issues. Bethlehem Steel yielded 25 points. The closing was heavy.

## CHICAGO GRAIN AND PROVISIONS

Chicago, Nov. 28.—Balkan success of the Teutonic armies tended to give an advantage to the bulls in wheat today. The opening which ranged from 1 1/2 to 1 1/4 cent advance with December at 1.78 1/2 and May 1.29 1/2 to 1.31, was followed by a moderate setback all around, but then a general upturn in wheat prices yesterday's final record for the July delivery in which trading was light.

The close was semi-declining at 5 to 7 1/2 cent decline, with Dec. at 1.62 1/2 and May at 1.15 1/2.

Rails in Argentine had a bearish effect on corn. After opening 3 1/2 to 3 1/4 lower for market, sagged still further and a subsequent rally failed to hold.

The close was heavy at 2 to 3 1/2 under yesterday's finish.

Ons paralleled the action of corn, buying was only of a scattered sort. Lower quotations on hogs weakened provisions. Trade was almost entirely in hand.

### Teuton Press Claims Germany Will Not Recognize Venezuelists

London, Nov. 28.—German newspapers regard the declaration of war by the provisional government of Saloniki as negligible, according to an Amsterdam dispatch to Reuters. The dispatch quotes the Koelnische Zeitung as saying:

"This government, or rebellion, has not yet been recognized by us. It does not exist to us, and therefore its declaration of war is nothing to us but a blank paper requiring no reply. Although we need not, and shall not take notice of M. Venezelos' declaration, we cannot disregard it in practice. The so-called army of the provisional government will act against the Bulgarians and us, and we shall make prisoners. These prisoners are rebels as long as we disregard the declaration of war, and must be treated as such."

The General Anzeiger of Dusseldorf says:

"Venezelos must not believe that his so-called government and his Franciscans will be recognized by Bulgaria or Germany as belligerents."

### 8 Hour Test Case Placed On Supreme Court Docket

Washington, D. C., Nov. 28.—Docketing in the supreme court today by the department of justice of the transcript in the Missouri, Oklahoma and Gulf Railroad's suit, was the next step in the efforts of the government and railroads to determine the constitutionality of the Adamson act. Solicitor General Davis announced that when the court reconvenes Monday he will enter a motion to advance the case, selected for a test, and the department expects early action on the motion.

The transcript was received yesterday from Kansas City, where Federal Judge Hook, on November 22, held the law unconstitutional. The government took the case to the supreme court, assigning a series of formal errors. Department of justice officials reiterated today that press similar suits pending decision in this case.

**DAYTON ELKS DEDICATE TEMPLE**

Dayton, O., Nov. 28.—Dayton lodge of Elks was today host to nearly one thousand visiting brothers gathered from neighboring cities as far north as Columbus and as far south as Cincinnati, for the dedication of the new temple here.

### Live Stock Men Waiting On Federal Diagnosis of The Suspected Herds

Chicago, Nov. 28.—Facing the possibility of a renewed outbreak of the hoof and mouth disease, livestock men here awaited with some anxiety today the outcome of the federal diagnosis of suspected herds in Missouri, Kansas and Nebraska.

Dr. S. E. Bennett, head of the bureau of animal industry in Chicago with Dr. F. C. Day, federal veterinarian, and Dr. F. S. Mather, an expert in stock plagues, left here last night to investigate suspected cattle in the Kansas City yards today. Results of the inoculation tests, however, will not be known for several days and it is expected that the Kansas City quarantine will remain effective until then.

Meanwhile authorities here announced that the precautionary measure taken by Dr. O. D. Dyson, state veterinarian, of Illinois, prohibiting the shipment to the stock yards of Chicago and East St. Louis, except for immediate slaughter, of cattle, swine or sheep, from Kansas, Missouri and Nebraska will not be rescinded until all possible danger of infection is believed past. Officials of the Chicago Union Stock yards and Transit Company asserted also that their embargo order against livestock from all points west of the Missouri river will be effective as long as it is necessary as a precautionary measure.

**FEDERAL FARM LOAN BOARD COMPLETES TOUR**

Washington, D. C., Nov. 28.—The federal farm loan board, which has just returned from its final tour of the country to determine the best location for the establishment of the twelve federal farm loan banks, today began studying the mass of testimony received during its trip. Announcement of the selection of the 12 federal districts in which the banks are to be located is expected within twenty days.

According to the board, farmers emphasized the great demand for an agency to lower and equalize interest rates on farm loans and to provide long time loans repayable in small installments through a long period of years. It also showed the board stated, that farmers have been required to pay exorbitant interest and unnecessary commissions, with too short loans, and that since the farm loan law was enacted in 1916, interest rates in most parts of the country have been reduced to a marked degree to meet the new co-operative competition.

### START WORK ON NEW ROAD

Wheeling, W. Va., Nov. 28.—Construction work was begun today on a new railroad. From this city to Greene county, Pennsylvania, which is to be extended later to Conellsville, Penna., to provide a short cut connection between Pennsylvania Lines here and those along the Monongahela river.

### FAT PEOPLE CAN REDUCE WEIGHT

Fat men and women who would like to reduce their weight by 10 or 15 pounds should try a little Korein with their meals and note results. Here is a test worth trying. First weigh yourself and measure yourself. Then take Korein—one capsule with every meal and one before retiring—for a few weeks. Then weigh and measure again. The scales and the tape measure will tell their own story, and many fat men and women who believe can easily take off from five to eight pounds in the first 14 days by following this simple method.

Korein does not of itself reduce flesh, but mixing with the food, it aims to assist the fat-burning elements of the blood to use up and consume the extra fat in all parts of the body.

Korein is commonly known in the pharmaceutical profession as Oil of Korein is safe, pleasant, efficient and inexpensive. You must take it under a strict diet while taking it because of Oil of Korein capsules work independently of the digestive tract. Fisher & Streich's Pharmacy and other good druggists everywhere are dispensing Oil of Korein in a richly scented laboratory package. It is worth trying.

### BANKERS WARNED

Washington, D. C., Nov. 28.—Bankers today received a warning from the Federal Reserve Board against investing in foreign government's treasury bills for long terms. A statement issued by the board was interpreted informally by some officials as referring to the recent proposal of J. P. Morgan & Company, British financial representatives, that American bankers make loans on British treasury bills of indefinite total issue, secured by gold reserves held in Ottawa. These loans would be for ninety days, with privilege of five renewals for ninety day periods.

The board also told bankers that further extensive gold imports were dangerous only if followed by great loan expansion and inflation.

### BOOM OLLIE JAMES FOR SENATE JOB

Washington, Nov. 28.—Senator Ollie James is being mentioned by the early arrivals among the Democratic senators, as the probable choice for president pro tempore of the senate to succeed the late Senator Clarke of Arkansas. Those supporting the Kentucky senator point to his record as a leader of administration during the last session and to the fact that he was permanent chairman of the St. Louis convention. Among others already mentioned in connection with the place are Senator Bankhead, Overman, Saulsbury and O'Gorman.

### THOM TESTIFIES

Washington, D. C., Nov. 28.—Alfred P. Thom, counsel for the railways executives' advisory committee was on the witness stand again today before the joint congressional committee investigating transportation problems. Committee members sought to develop further testimony from him regarding his suggestions for solving, through legislation, the railroads' difficulties.

### GABINET HOURS CHANGED

Washington, D. C., Nov. 28.—President Wilson changed a long time custom today when he decided that for the present the meeting hour of his cabinet hereafter would be 2:30 p. m. instead of 11 a. m. every Tuesday and Friday. This change was decided upon so the president will have his mornings on those days free for other engagements.

### Austrian Emperor's Body Removed To Hofburg

London, Nov. 28.—The body of the late Emperor Francis Joseph was removed at ten o'clock last night according to the prescribed ceremonial from the Schonbrunn Palace to the chapel in the Hofburg at Vienna. Immense crowds which stood in silence with uncovered heads, lined the route and watched the impressive pageant as it passed with torch bearers leading.

Delegates representing all the Austro-Hungarian and Czech regiments and a squadron of cavalry in war equipment followed. They came the state coaches bearing the high functionaries and after them the hearse drawn by the black Arabian chargers draped in black, gold and silver.

At the door of the Hofburg Chapel, the imperial family, including the new emperor and empress in deep mourning awaited the arrival of the coffin, which was placed in the center of the chapel, where the clergy gave the final blessing.

### TO HOLD SECRET SESSION

Paris, Nov. 28.—The chamber of deputies meets today in secret session for the second time since the beginning of the war. The first session was held from June 16 to June 22 of this year and ended in a vote of confidence in the government. The senate held a similar session a few days later and concluded its sitting in a similar way.

The session which begins today is certain to be a long one as 11 interpellations are to be put to ministers and almost every question vital to the conduct of the war is to be raised.

# Crowd At Dance

The Maccabee hall, Sixth and Chillicothe streets, was well filled the entire evening Monday when the Jr. O. U. A. M. band gave a benefit social and dance. Before the evening's pleasures started the band gave a concert on Sixth and Chillicothe streets. Music for the dancers was furnished by the Junior Trio. The band rendered a concert in the hall and to bring the evening to a close refreshments of ice cream and cake were served. The band will clear a neat sum on the entertainment.

## RESOLUTION

Whereas, It has pleased Almighty God in His wisdom and mercy to remove from our midst our beloved brother (Jack) J. O. Lewis, and

Whereas, Our beloved brother being a charter member of Carpenters' & Joiners' Local Union No. 437, and being a faithful worker to said union, and

## YEGGMEN FAIL TO CRACK SAFE

"Yeggmen" broke into J. W. Dewey & Son's large general store, located on the Canal road, at Jasper, Pike county, 2 1/2 miles west of Mifflin, and 7 miles from Waverly, between midnight and one o'clock Tuesday morning and cracked the outer door of a big iron safe, but failed to obtain any money.

Mr. Dewey was awakened by the explosion and started to investigate. His home is but a short distance from the store, but the canal bed separates the two buildings. As he approached the store two men appeared in front and one of them warned him to stay back, at the same time firing a pistol shot in his direction. He promptly returned to his home, and as soon as the men drove away in a phaeton he gave the alarm.

It was found that the entrance to the store had been gained through the front door. The outer door of the safe was charged with nitro-algerine. For some reason the robbers failed in their efforts to open the inner door. Because of their tampering with it Mr. Dewey himself was unable to open it and expects to send for an expert safemaker to adjust the door. Nothing was found missing from the store. The robbers evidently taking no chances on remaining long after finding they had been discovered.

Charles W. Miller, town marshal of Waverly, started for the scene in an automobile after being notified, and at the canal locks, just below Waverly, found the outfit the robbers had abandoned. The horse was identified as that of Charles Walcott, of near Waverly, and the phaeton as belonging to his neighbor, George A. Bauerbach, the yeggmen having stolen them. Marshal Miller, upon his return to Waverly, had with him a pick, monkey-wrench and other tools which the robbers had left behind. They were identified as property of the D. T. & I. railroad and had been stolen from the company's pump-house at Waverly. It is supposed the robbers escaped on a D. T. & I. train.

## GEEKS WILL MEET

Members of the Geeks will meet Friday night and will hold one of their famous social sessions. An effort will be made to boost their shoe fund owing to the heavy demands made on it the past ten days.

## CARS TO HANGING ROCK

It was announced at the office of the Ohio Valley Traction Company Tuesday that traction cars will be run to Hanging Rock Thanksgiving Day and on every Sunday thereafter until further notice.

The first car for Hanging Rock will leave the New Boston "Y" station at nine o'clock Thursday morning and will arrive in Hanging Rock at ten o'clock.

The last car at night from Hanging Rock to New Boston will

leave the latter place at ten o'clock. It will take one hour to make the trip each way, from the New Boston station—or one hour and twenty minutes from Portsmouth to Hanging Rock.

The fare by using tickets from Portsmouth to Hanging Rock will be 37 1/2 cents one way and the fare, where passengers use no tickets, will be 40 cents. The fare by using tickets to Wheelersburg is 12 1/2 cents and the fare from this point to Hanging Rock is an

additional 25 cents.

The Ohio Valley Traction Company's line in Hanging Rock at present it within three short blocks of the Ohio Valley Electric Company of Ironton, or in other words, passengers from this city to Ironton will be compelled to walk but three blocks to catch a car on the Ironton line bound for that city.

Eventually the Ohio Valley Traction Company of this city, will operate their cars directly into Ironton from Portsmouth.

## Union Services

Union services in keeping with the spirit of Thanksgiving will be held in Bigelow M. E. church Thursday morning at 10 o'clock, Bigelow, Manly and Trinity taking part in the services.

The sermon will be delivered by the Rev. J. F. Grimes, D. D., new pastor of Manly church. Special music will be rendered, and the interesting services no doubt will be

largely attended by members of these congregations.

For Extra Allowance

County Auditor S. D. Eckhart has petitioned common pleas court for an extra allowance of \$470.67 for extra clerk hire for the year of 1916. The allowance for the year is cited as \$2655.14.

## Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin an Ideal Remedy for Constipation.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose is proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well known linguist, 2241 North Orianna St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action, without gripping or

Prof. F. J. C. Hertzog, M. D.

other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

## CONSTIPATED, BILIOUS, RUN-DOWN?

Wash Out the Bile With a Wine-glassful of Tollo Water and Feel Fine in Half an Hour.

Our present mode of living makes bad livers. The bile tubes become choked and force bile into the system, causing gas, heartburn, coated tongue, constipation, dizziness, nervousness, headache and stomach trouble.

A third of a tumblerful of Tollo Water in a glass of plain water before breakfast relieves your constipation in thirty minutes. The natural properties of this water stimulate the liver to greater activity without the weakening effects produced by strong drugs. Get a 15-cent bottle and take a little for a few days. It really works wonders. Tollo Water is bottled at Dawson Springs, Kentucky, but it is sold by druggists everywhere.

Sold by the Fisher and Streich Pharmacy.

guest is at the table.

Dear Miss Wise.—Please give me a formula for a good dry shampoo. My hair is terribly oily and I do not like to wash it so often.

GERTIE.  
Plain corn meal is an excellent dry shampoo. A good mixed compound is made of coarse salt mixed with powdered orris root, using two ounces of orris root to one pound of salt. Rub this mixture vigorously into the scalp, after which brush it out with a good bristle brush. Dry shampoo should not be used too frequently, for there is a possibility of clogging the pores of the scalp.

Dear Dolly.—Is an alien who has declared his intention of becoming a citizen of the U. S., and has since served five years in the army of the U. S., obtaining honorable discharge therefrom, entitled to full citizenship without further process of law?

A READER.  
A foreigner who has an honorable discharge from the U. S. army, in order to become a citizen of the United States, must file his petition and proceed in the usual manner, except that he need prove only one year's residence in this country, instead of five, as is required of others.

Dear Dolly.—I can't sleep at night. What shall I do?

WORRIED WOMAN.  
Consult a physician or a nerve specialist. A glass of hot milk sipped slowly at bed time, sometimes is a remedy for sleeplessness. Do you sleep with your windows raised? If not, keep them open every night, that may help some.

Dear Dolly.—My mother is always telling me to breathe through my nose. Why does she talk about it so much?

LITTLE GIRL.  
It is important that the air should be strained before it touches the lungs. The nose contains fine hairs which act as strainers, but these are not sufficient to keep the lungs entirely clean. The lungs of a tiny baby are pearl white tinged with pink,

linal "month breathers" are often afflicted with adenoids, and should have medical attention.

Dear Dolly.—I am twenty-five years old, and I have been friends with a girl ever since we were children. The other day a girl said to me that she thought my friend must be jealous of me or she wouldn't say the mean things about me that she does. This hurt my feelings very much. I cannot believe that my friend does say mean things about me, because she does not seem to be that kind of a girl. What shall I do? Ask her if what I heard was true? BLUE YES.  
Any one who would tell anything so malicious would be capable of making it up. Don't pay any attention to the remark. It would hurt your friend to think you even listen to it.

## SOCIETY

Mrs. John Harper and Miss Pauline Worley gave a beautiful yellow and white party last evening at their home on Earl avenue, to announce the engagement of Miss Helen Evans, attractive young niece of Mrs. Harley Macconnet, where she has made her home for some time.

Mr. William Turner, a prominent young man of Pond Run, the rooms were prettily adorned in yellow and white. The evening was spent in fancy-work, and at a late hour the guests were invited to the dining-room, where the announcement was made by Miss Helen Sprague. The table was adorned in yellow and white and the favors were white carnations. The refreshments were daintily served in the yellow and white colors. The wedding will take place in December. The guests were Misses Helen Evans, Louise Evans, Ethel Turner, Sarah and Bess Magner, Helen Sprague, Gladys Wittenburg, Nora Merrill, Emma Harper, Mrs. Robert Stahler, Mrs. Thurman Thompson. ## ECZEMA ON BABY'S HEAD AND FACE

Started With Little Pimples. Spread All Over Her Face, Head and Neck and Got Real Sore.

HEALED BY CUTICURA SOAP AND OINTMENT

"My little daughter had a bad case of eczema on her head and face when she was five months old. She took it with her a few little red pimples, and it started from that and spread all over her face, head and neck. They got real sore and she would scratch as they would itch her so much that she was terribly cross and fretful. While it lasted, her face was disfigured. She could not sleep or rest until I used Cuticura Soap and Ointment. I started with just a free sample and it relieved her so I purchased more and about two months later, she was healed." (Signed) Mrs. Alice Williams, R. F. D. 4, Alliance, Ohio, July 26, 1915.

Sample Each Free by Mail  
With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sent throughout the world.

## DON'T BE BALD

Tells How to Make Hair Grow Thick and Lustrous on Bald and Thin Spots.

Thousands of men and women are growing bald every day and don't know the reason why. This is indeed a pity, says a hair specialist, who states that baldness usually comes from carelessness.

The treatment is very simple; remove the dirt by shampooing every ten days and destroy the dandruff germs by frequently applying a little of the real Parisian Sage, a most efficient preparation that the best druggists are now recommending as one of the quickest and safest treatments to surely stop itching scalp and falling hair, remove all dandruff and to properly nourish and invigorate the hair roots.

Parisian Sage is also the discriminating woman's favorite hair dressing because it makes the hair seem twice as abundant and gives it a softness and luster that compels admiration. A generous bottle costs but little from the Fisher and Stretch Pharmacy which guarantees it to you.

The home of Mr. and Mrs. Martin Smith, of near Otway, was a beautiful scene last Saturday, Nov. 25, when they celebrated their fortieth wedding anniversary, also the homecoming of their son, John, of Cincinnati, who was just recently married and brought his young bride to their country home for a few days. The seven course dinner was served in the beautiful dining-room, which was decorated in chrysanthemums and ferns. The wedding cake was lighted with forty candles, in remembrance of the forty happy years of married life. They received many beautiful presents, including silverware, victrola, table linens, etc. Those present were: Rose Finn, Sadie Stanton, Edward Stanton, George Finn, of Otway, Miss Rowe, of Cincinnati, Mr. and Mrs. John Smith, Mary Margaret, Jane and Agnes Smith, all of Cincinnati, Will, Katherine and Edward at home. The guests departed wishing Mr. and Mrs. Smith many more happy anniversaries and all kinds of happiness to the newly-weds.

Mrs. G. H. Kirkendall has returned to her home at Ashland, Ky., after a visit with her parents, Mr. and Mrs. P. E. Cross, of Sciotoville. She also visited Mrs. Arthur Cross, of Spring street.

Mr. and Mrs. Roy Lynn and Mr. and Mrs. Albert Bridwell spent Sunday at their cottage near Rushtown.

Mr. Silas O. Losee and Miss Julia Rhea Lining were quietly married Saturday evening, at 7:30 o'clock, at the All Saints' rectory, Rev. E. A. Powell officiating. They were accompanied by Mrs. Sarah Losee, mother of the groom, and Miss Maude Lining, sister of the bride. The bride wore a becoming suit of brown chiffon broad-cloth, with hat and shoes to match. Mr. Losee and bride will go to house-keeping in a cozy home on Officers street.

The All Saints' Social Aid Society held a large meeting yesterday afternoon at the home of Mrs. D. L. Williams, where the assisting hostesses were Mesdames George Webster, J. H. Varner, Albert Wilhelm and William Stevens. The afternoon was spent in needlework, about thirty being present. The hostesses served delicious gingerbread, coffee and tea.

**Curls Will Last**  
Says hair stays curly and wavy for a long time and appears natural too.

Girls! Try this!! Before curling or waving your hair with pins, papers or a heated iron, just moisten each strand with atalpa water and you will be delighted how natural the curls and waves appear and how long they last in spite of wind, dampness or perspiration. A few ounces of atalpa water will cost very little at any drug store and there is nothing better to help retain the curls and waves or to soften, gloss or fluff the hair and to make it look thick and abundant.

Sergeant Larsen, Marietta, U. S. instructor for non-commissioned officers in the Seventh Regiment, O. N. G., attended the regular meeting of Company K Monday evening.

I am thankful God blessed the seventh day because that in it He rested from all His work which He had created and made. So the blessing of labor is in the rest it affords and there is rest in that belief, though in our self we fail, for "eternal vigilance is the price of liberty." God is eternal. He pays it, that we may enjoy liberty in peace, under a constitution that provides for its own preservation having a way in itself that it can be changed by the will of the people as they wish it to be, without violence or war. Let us be thankful that we have the God-given right to make our friends to inherit the blessing of God. I am thankful that I published the book bearing in it right reason, and the Sabbath school discipline is all that we need to solve the labor problem to the blessing of our nation.

A DEMOCRAT.

The S. O. S. signal was flung from the tower of the local court house Monday, after Clerk John W. Hall had exhausted all of the hunting license blanks and still had to face a strong demand for them.

A rush order to Columbus was sent and Tuesday morning two hundred extra blanks arrived.

After these are gone, it is

# BOWLING

Showing admirable generalship at all times and handling his men with cool and wisdom at every point in the road, Captain Willie A. Hutchins brought his "Cat Birds" through to victory in their struggle with Captain George Wilhelm's "Dy Dippers" at the Play House alleys, Monday night. The "Cat Birds" did not make a clean sweep, they succeeded in capturing the first and second games, missing a league record in the sandwitch contest, when they ran up a total of 322 pins, thanks to the spectacular and consistent work of Contractor Grant, who had on his shooting clothes for fair and who amassed the single game record of the league with his 135 score in this record-breaking contest.

While his team lost two out of three it was through no fault of Captain Geo. Wilhelm of the "Dy Dippers". This star bowler reeled off a three game record, getting scores of 277, 125 and 124, good for a total of 526.

There have been more exciting moments since the war, but not in these parts. The players not only bowled like their lives depended upon the outcome, but the crowd simply bowled in admiration and endorsement. When Captain Hutchins turned in the 7-8 split in the last game, there was as much noise made as when the Democrats beat from California in the late November election. It was a wonder shot and even the "Dy Dippers" joined in the applause, which, friends, was deafening the first time this word has been used in describing a bowling game. And, by heck, it is not strong enough, for that, what was a pipin'.

Bill Gableman, lead off man for the "Dy Dippers" shot in fine form, less than second effort. In his first game he accumulated 113. Then he stripped a gear and came back with 88. As a bowler and as determined as a football star, he biffed into the wood for 137, much to his satisfaction and joy. Ari Hamm, who tries all the time and all the time tries, had a fair evening, averaging well above the 100 mark and making some difficult spurs. Ed Leach, who started in poor form, came to his own in the second and third games and made top heavy scores with that bullet ball of his. Captain George Wilhelm was as accurate as a Western Union clock and went through each game in great shape.

Contractor Grant was the individual star of the "Cat Birds". His second game was a revelation for accuracy. He got a rather poor lead in the opening game, and then came to life for full, shooting 153, a mighty fine score and one that threatens to stand for ages to come. Frank Kober finished his evening's work in a blaze of glory, when he topped the rubbers with 116, a mighty fine effort for even a banker. George Kricker please take notice. Captain Hutchins was a mighty good. He started with an even 100, and then played the way for his players by totaling 122 in his second game. Then he hit the low places and came through with 89. But it was a great night for the captain of the "Cat Birds"—make no mistake about that. Bill Gableman, who makes as much noise as a blind roaring, but who shoots with confidence and composure, sent three nice scores to the tribulation official and was well liked for his efforts. Leo York started out like a whirlwind and then subsided like a gentle zephyr. At that

he got three nice scores, 113, 115 and 106. He hit 'em like cannon balls and incidentally got what was coming to him.

Now while all this was going on the Steel Plant bowlers were having their fun on alleys 1 and 2 at big pins. The S. and J. Office team walloped the S. and B. Department aggregation three in a row and are now leading the league. J. Smith, of the S. and J. team, turned in the first 200 score of the league, and shot well thereafter. Bud Walters, that old war horse, rolled an anchor run for the S. and J. team and held up his end in mighty fine style. Harry Jefferson, who can shoot a ball faster than thought it was propelled from the mouth of a cannon, was with the S. and B. team and did mighty fine, though not as well as he will do when the joints are all oiled up. The scores:

# Basketball Outlook At P. H. S.

As the football season is practically over, P. H. S. basketball players are starting their practice. P. H. S. will be represented on the basketball floor this year by a quintet that is sure to bring additional fame to the Red and Blue school.

The P. H. S. basketball squad last season won the Southeastern Ohio High School Basketball championship and have a loving fan to show for their work. This year's team will be heavier and as fast as the 1915 aggregation and should win every contest on the schedule according to Coach H. Gates, under whose careful guidance and management the 1915 team played its way to glory.

"Jude" Baesman is captain of the P. H. S. five this year and by his work last year proved himself a star of the inside game. Also left from last year is Shumway, an experienced guard.

Mathews, who has had wide experience at a military school, Glen Edwards who has had several years' experience in independent games and Shumaker who is a graduate of the Boy Scout Basketball league, will likely compose the team with Baesman and Shumway.

## Honor Mr. Blankemeyer

W. H. Blankemeyer, a Chillicothe street tailor, has received news of the continued success of his brother, Dr. H. H. Blankemeyer, an old Portsmouth boy, in his far-away Texas home. Dr. Blankemeyer has just returned from Waco to his home at Aransas Pass. At Waco he attended the thirty-third annual convention of the Texas Eclectic Medical Association and was honored by being re-elected secretary of the association for the tenth consecutive time. He was also made financial secretary in addition to his regular duties of secretary and will here-

## PLAN FOR CONVENTION

The entertainment committee of the Scioto County Sunday School Association held a meeting Monday evening at the Second Presbyterian church and talked over preliminary plans for the entertainment of the number of delegates who will come to the city Friday, December 1, to attend the first annual convention of the Scioto County Sunday School Association, to be held in the German Evangelical church. I. B. Thompson, of the United Brethren Sunday school, was elected chairman of the entertainment committee. Plans are being made to have each church take care of a small number of delegates. Another meeting of the committee will be held Thursday evening, at 7:30 o'clock at the Second Presbyterian church.

## Wife Beater Is Fined

Hardy Thomas, a Fourteenth street negro, was found guilty in police court Monday evening of having beat his wife, Della Thomas, with a poker, and was fined \$25 and costs. The mayor suspended \$15 of the fine. Charles Womack and Ralph Hewitt, who were arrested for fighting Saturday night, both pleaded not guilty to disorderly charges and the court reserved his decision. John Bond, who was charged with disorderly conduct, was dismissed with a warning.

## Says Boy Tried To Set Her Home Afire

Mrs. Thomas Royal, wife of a steelworker, complained to the police Monday afternoon that a boy had tried to set their home at No. 2335 Eighth street on fire. Mrs. Royal said other children had reported to her that the boy had deliberately thrown a blazing brown under the house. Her little son, James, she said, pulled the burning broom from under the house before any damage could result. She said that when she warned the youngster that she was going to call the police he made faces at her and defied her to summon the officers.

## Revolver Thief

Six revolvers have been stolen from the Cooper Bros. general store in New Boston within the last six weeks. Over five weeks ago an unknown party broke into the store during the night and stole two revolvers and sometime Monday four more were taken.

Mr. Cooper feels sure that the guns were taken by someone who was in the store during a rush time Monday afternoon. The guns taken yesterday were a Smith and Wesson .32, Colt 32 and two Harrington-Richardsons of 22 and 32 calibre. Every door and window were found securely locked Tuesday morning when the guns were found missing from their usual places in the show case, which is in the middle of the store, and to which a stranger would have easy access. Cooper Bros. are offering a \$25 reward for information leading to the detection of the guilty party.

## Magnolia Lodge Has Nominated Officers

(By H. M. S.)  
Magnolia Lodge No. 330, Knights of Pythias, at a large and enthusiastic meeting Monday evening placed in nomination the following splendid knights for the new officers for the first half of 1917. As is the policy of this lodge, the regular chair officers, who are efficient are promoted one step at a time, but for outside guard, the first rang on the ladder that leads to the highest office in the gift of the lodge. Four of the younger knights are in the race for the honor. Past Chancellor, Fred Larcamp; Vice Chancellor, Harry Eichen; Recorder and Seals, Philip Pfarr, Ralph Johnston; Master of Finance, A. S. Patton; Master of Exchequer, W. F. Blankemeyer; Master-at-Arms, Harry Reinhardt; Inside Guard, M. E. Quinn; Outside Guard, Paul Newland, Carl Bauer, S. C. Miller and Harry La Masters; Trustee, George Tenor; Representative to Grand Lodge (two to be elected) Arthur Flowers, George Pressler, Geo. T. Swadby and S. C. Holman; Alternates, Clyde Barber and J. O. Thompson.

## Club Rooms Open

The Scioto County Republican Club will keep their headquarters in the Halde-man building on Gallia street, open throughout the winter months, and members are urged to drop around and mingle with the members. Books, magazines and papers will be available. There is some talk of installing a billiard and pool table for the amusement of the younger as well as the older members. John Bergan, of the First ward, is in charge of the club rooms.

## A LITTLE VISIT WITH EDITOR WILLIAMS

Daniel Webster Williams, editor of the Jackson Standard-Journal is one man whose writings we follow weekly with feelings akin to envy. We wish that we had his capacity to understand, to enjoy and to write so entertainingly about nature and her works. Here in last week's paper he tells us that he takes his rest in manual labor and on a cold frosty morning last week he got up early and put in several hours in chopping wood. "The temperature was just right," says Mr. Williams, "cold enough to keep my coat on when I began working. There were a lot of saplings to cut up into brands, before beginning on the chip wood, and there were going to be sausage and turnips for dinner."

"Birds sang to me, two Wood Wrens, whose cheery notes rang out so joyously in spite of frost and cold weather, for their food is yet abundant."

"And then thoughts came singing in my head. Where do these thoughts come from, flitting by like humming birds on the wing, showing a flash of color, and then they are gone."

"Laying the sapling on the chopping log, one clean stroke of the ax, cut off a brand, and then four more, without a chip, and you almost begin to race with yourself."

"The next was larger, but cut easier, because the heart was dead and decaying, killed by fire, and I thought of other dead hearts burned out by passions. No one is worth much with a dead heart, and these brands will not make a hot fire. Next came a Service sapling long but crooked, and while it cut like cheese, the brands were heavy. I recalled that Sharp said that Service is heavier than Oak, and I speculated about their specific gravity."

"And then I saw Archimedes running home from the bath, through one of Syracuse's crowded streets, with no clothes on, and shouting 'Eureka.' You do not have to go to the movies to see wonderful pictures. Get your ax or your hoe, and let the movies come to you. Archimedes was perhaps the greatest man in the world, and yet a common soldier stabbed him with a sword (212 B. C.) while he was drawing on the sand, as if he were no more than a pig."

"Thus thoughts of death came to temper the joyous ones, and I saw Job sitting among the ashes near the gate of his city, and questioning high heaven. Before I grew too sad, an Ohio Cardinal called from a tree in Judge Delany's yard, and his brilliant color cheered, while I thought of James Lane Allen and Kentucky, a forerunner from Chaldea and Midian."

"Then I heard Peter McClain's voice, 'It is good for you to work like this,' and I thought of what I had read last night in Modern Painters, where Ruskin interprets Durer as saying, 'yes, but labor and sorrow are his strength.'"

"Durer meant the labor in the daily work of men, wood chopping and all the lowlier forms, especially labor under the open sky. Such labor helps us to a fuller life. It strengthens the body, and at the same time turns the leaves of the book of nature before our eyes, entertains us with pictures in sky and landscape, brings fine singers to our very presence, regales us with sweetest fragrance. I often wonder why boys leave the farm, for the stuffy factory, or the foggy mine, and take on the livery of serfdom, when garbed even in rags on the farm, they seem a part of nature."

"I like Jackson county because all of us, with very few exceptions, work for a living, but my notes from time to time are intended for those who do not work with their hands."

When we were a kid at school we had Romeo and Juliet drilled into us in "English Literature" until we rather felt sorry that Bill Shakespeare had not passed in his cheeks before he wrote the thing. We knew of another little love affair that was progressing much better than any old thing that Romeo and Juliet could pull off and we were confident that we could improve upon the tale that we had to learn by heart. And then we saw the play upon the stage and did not change our opinion about it very much. And then again Saturday night we saw the play upon the films at the Columbia and for the first time we were impressed with the splendid beauty and imagery of this creation of the greatest writer of the ages. Reading the play over again after seeing the picture, we could get in closer sympathy with it, we could understand and interpret characters that hitherto had been but dim shapes to us. We enjoyed the filmed picture better than we did the real acting. And we have heard a number of other people say the same thing.

Judge James S. Thomas made quite an impression upon the officials and members of the bar of Portage county, where he recently held court for a couple of weeks upon special assignment of Chief Justice Hugh L. Nichols of the Ohio supreme court. In a personal letter to us in regard to a business matter, Hon. Albert L. Caris, clerk of courts of Portage county, took occasion to say in regard to Judge Thomas' work: "I cannot refrain from mentioning to you that last week Judge James S. Thomas, of your city, held court here and that we are greatly pleased with his work. His ability as a judge and his unflinching courtesy, have won golden opinions for him in Portage county."

In response to numerous inquiries as to what we expect to get out of the monumental and uniformly successful political work in which we were recently engaged, permit us to say that we picked out our job long ago. We are going to be made minister to Tibet and we are going to take a retinue of local exiles from that fair and frozen land along as secretaries, historians and drivers away of dull care.

The hardest thing in the world is to keep our desk from looking like a young cyclone had played over it all day long. And the next hardest is to find our papers and letters after the stenographer and the janitor have had a spell of tidying things up a bit.

## NOT WHILE MAW IS "PICKING UP"

Well, well, well. Wonders will never cease. Here come our old friends the Sheridan & Kirk Contracting company with the announcement that if the Lord gives them ten days more of good weather they will have the Wheelersburg paving done. We're not very expert in the prayer line but we feel like sending up a special petition for that ten days. And if the weather holds out and Sheridan & Kirk keep their end of the bargain we believe we'll take 'em to Freshell's and buy 'em an oyster supper. And after we've fed 'em, we'll apologize to 'em for all the mean things we've thought about 'em, and for the few we've said about 'em for not finishing up the job in thirty days.

Senator Harding graciously and gracefully mentions the name of his colleague, Senator Pomerene, in connection with the Democratic nomination for president in 1920. Senator Pomerene is a big man. He measures up to the job. He is one of the most sincere and honest men in public life, a man who is not swept off his feet by the clamor of the moment. We like him and we also like Senator Harding. And the thought comes to us that Ohio is fortunate in having two such well-equipped gentlemen to represent her in the national senate.

We have another story, picked up on our recent political travels, that is equal to, if not better, than the "puppy" story we ran the other day. However, the official office censor, who disapproved of the pups has put a big foot down on the new story so we guess it will never see the light of day in this valuable family journal.

A New York court has ruled that a man may hit his wife if she is a poker fiend. If the wife has the same right we know some men who are likely to go around town with dents in their beards.—New Orleans States.

Rusting seems to have been the habit with political campaign committees, this year. The Democratic national committee led the procession with a \$300,000 deficit, the Ohio Republican state committee ran a good second, with a hundred thousand shortage, the Republican national committee drags along with a minus of \$21,144, and the Seoto county Republican committee brings up the rear, lacking about \$700. That just shows the more you have the more you spend, for campaign funds were unusually plentiful all around.

## NEW-YORK-DAY-BY-DAY.

O.O. MCINTYRE.

New York, Nov. 28—Speaking of snubbing the gentlemen of the press! Remove the earlars and incline the listeners to the story of a private flitum in which Mrs. Vernon Castle flickered through three reels at the Ritz-Carlton.

The Ritz is very exclusive, very indeed. Any person with the slightest touch of uncountness is not welcomed to enter the sacred portals. They might disturb the languid, bejeweled ladies smoking their cigarettes.

The advance notice of the film is a literary gem of the purest ray serene. It read in part:

"This showing is designed for the army and navy defense organizations and the personal friends of Mrs. Castle. Members of the press will also be admitted. But it is the secret hope of the concern that only white shirt-fronts will be in evidence."

It must have been very embarrassing for the members of the press, who are accustomed to attending affairs at the Ritz-Carlton garbed in sweaters and overalls, and possibly chewing tobacco. A rough-neck crowd—these journalists—but how necessary they have been to lift Vernon and the fair Irene from mediocre jobs to fame and fortune.

William Thaw is back in town. He has been aviating on the other side and only a few weeks ago extras were out that he had been killed. I saw him dancing the other night in the grill of the Majestic. He was the center of a gay crowd and while he was gay in a way I noticed that he stuck to lemonade.

At another table nearby I saw Marjorie Rambeau, a pretty young actress, who has just made a big hit on Broadway in a new play. And she did not dance. She has been too busy, perhaps, winning her way to stardom to absorb the intricacies of the fox-trot and the tango.

She was with her mother and dining quietly. Miss Rambeau at all times wears a pretty cameo brooch which she prizes highly and to which she attached a great sentimental value. It was at one time worn by Edwin Booth in a Shakespearian play.

Some fifteen or eighteen years ago,

when Don Marquis, the sweet singer of the Sun, wore his hair long and sported a big bow tie he belonged to a little Group of Serious Drinkers who used to tank up on Omar.

In speaking of it the other day, he said: "In one year I put twenty-seven astral pounds onto my soul by bending the Psychic Elbow."

In a pawnshop window on the Bowery the other day there appeared a pair of pledged baby shoes that had not been redeemed. A reporter saw them and recounted a sob story and he found it.

The baby shoes had been pawned by a mother who used the money to buy medicine for the child. In the home were three other children without any clothes and they could not be sent to school.

The father had gone to the gutter through drink and finally deserted. And the woman, it was learned, was at one time a member of a prosperous family living on a fashionable uptown street and she ran away from an exclusive girl's school to marry the man who deserted her.

The parents were notified of the mother's plight and rushed to the dingy apartment in a limousine. They are reconciled now and she has gone back to live in plenty.

The Better Thing  
It is better to lose with a conscience clean  
Than win by a trick unfair;  
It is better to fall and to know you've been  
Whatever the prize was, square,  
Than to claim the joy of a far-off goal  
And the cheers of the standers-by.  
And to know down deep in your inmost soul  
A cheat you must live any day.

Who wins by trick may take the prize,  
And at first he may think it sweet,  
But many a day in the future lies  
When he'll wish he had met defeat.  
For the man who lost shall be glad at heart.  
And walk with his head up high  
While his conqueror knows he must play the part  
Of a cheat and a living lie.

The prize seems fair when the fight is on,  
But save it is truly won  
You will hate the thing when the crowds are gone,  
For it stands for a false deed done,  
And it's better you never should reach your goal  
Than ever success to buy  
At the price of knowing down in your soul  
That your glory is all a lie.

# TWO ZEPPELINS DESTROYED IN LAST NIGHT'S RAID ON ENGLAND

## CREWS OF BOTH CRAFTS PERISH, CLAIM ENGLISH

**[BULLETIN]**  
London, Nov. 28.—Two Zeppelins were brought down in Monday night's raid on the northeast coast of England. The crews of both airships perished. The destruction of the airships was announced in an official communication issued by the war office.

Both Zeppelins were brought down in flames into the sea after being attacked by aeroplanes. One of them was destroyed while nine miles out at sea on her return trip. The war office announced that although full reports of the damage and casualties inflicted by the Zeppelins had not been received this morning they were believed to have been slight.

The official account of the raid was issued this morning:

"A number of hostile airships approached the northeast coast of England between 10 and 11 o'clock last night. Bombs were dropped at various places in Yorkshire and Durham. The damage is believed to be slight.

"One airship, attacked by aeroplanes of the royal flying corps, was brought down in flames into the sea off the coast of Durham. Another airship crossed into the north midland counties and dropped bombs at various places. On her return journey she was repeatedly attacked by aeroplanes of the royal flying corps and guns. She appears to have been damaged, for the last part of the journey was made at very slow speed. She was unable to reach the coast before day was breaking. Near the Norfolk coast she apparently succeeded in effecting repairs and was proceeding east at high speed and at an altitude of over 5,000 feet when she was attacked nine miles out at sea by four machines of the royal naval air service and crashed in flames at 6:45 a. m.

"Full reports of the casualties and damage have not yet been received but they are believed to be slight."

## NATION-WIDE BOYCOTT OF EGGS PLANNED IN FIGHT ON HIGH PRICES OF FOOD

New York, Nov. 28.—The attack on high food prices, begun here by the Housewives' League and certain city officials, spread today throughout New York state. Encouraged by news of sympathetic efforts in other states, the promoters declared that the movement promised to become nation wide.

The local campaign centers now upon eggs, and, beginning today, recommends a two weeks' boycott. The efforts of the state and city officials were supplemented by Cornelius E. Burns, mayor of Troy, and president of the Mayors' Association of the state.

Mayor Burns announced that he would send letters to the mayors of every city in New York state, to President Wilson and to the governors of all states requesting the issuance of proclamations urging people to abstain from using eggs other than for the aged, sick, infirm and children during a period of two weeks.

The Housewives' League of St. Paul, Minn., and the Women's City Club of Chicago, yesterday adopted resolutions declaring for a boycott on eggs.

The Motion Picture Exhibitors' Association has volunteered the use of every moving picture theatre in the city to carry out the campaign. Slides will be shown telling the people what to do to break up the combination of those held responsible for the high prices.

Official state action under the direction of Governor Whitman, was forecast in the announcement that the governor was in conference with George W. Perkins regarding remedies which the state could undertake. Mr. Perkins is chairman of the Mayors' Committee on food supplies. The governor plans to enlarge the commission of foods and markets through a legislative program now under preparation.

## GERMANS UNABLE TO RECAPTURE HEIGHT

**[BULLETIN]**  
Paris, Nov. 28.—German and Bulgarian troops on the Macedonian front made four counterattacks last night in an effort to drive the Serbians from Hill 1050 in the Gerna river region, which was captured yesterday. The war office announced that the attacks failed with heavy losses.

The latest telephone wires in Portsmouth are those leading to the TIMES WANT AD department.

## AUSTRO GERMAN CONTINUE DRIVE TOWARD BUCHAREST

**[BULLETIN]**  
Berlin, Nov. 28.—(Via wireless to Sayville).—The Austro-German forces in western Rumania are continuing with success their drive toward Bucharest, the war office announced. New operations have been begun and additional ground has been gained by the invaders.

The Bulgarians have captured the important Danube town of Giurgiu on the railroad south of Bucharest.

The Rumanian town of Curtice de Arges, south of Campulung, has been captured.

On the western front there have been no military operations of any character.

## CONSERVANCY LAW IS UPHELD

**[BULLETIN]**  
Columbus, November 28.—The supreme court of Ohio again upheld the Vonderheide Conservancy law today when it refused to review the case of Miami county and others against Edward A. Deeds and the Montgomery county conservancy commission, thus removing the last legal obstacle in the way of flood protection plans in the Miami valley.

## BULGARIANS MAKE 3 MORE CROSSINGS ON THE DANUBE

Sofia, Monday, Nov. 27.—(Via London).—Bulgarian troops have effected three more crossings of the Danube, all of them behind the Austro-German front in Western Rumania. Three crossings were made from the Bulgarian fortresses of Rahova, Lom-Palanka and Vidin. This announcement was made by the war office which also reports the repulse of Russo-Rumanian attacks in Dobrudja.

The repulse of attacks by entente troops on the front northeast of Monastir in Southern Serbia is also reported by the war office.

## YPRES LINE OF BRITISH IS SHELLED

London, Nov. 28.—"Last night our line north of Ypres was heavily and continually shelled," says today's official communication. "Our casualties were small. We exploded a mine southeast of Souchez and consolidated the crater. Three enemy bombing attacks against the crater were repulsed."

## 8 HOUR TEST CASE PLACED ON SUPREME COURT DOCKET

Washington, D. C., Nov. 28.—Docketing in the supreme court today by the department of justice of the transcript in the Missouri, Oklahoma and Gulf Railroad's suit, was the next step in the efforts of the government and railroads to determine the constitutionality of the Adamson act. Solicitor General Davis announced that when the court reconvenes Monday he will enter a motion to advance the case, selected for a test, and the department expects early action on the motion.

The transcript was received yesterday from Kansas City, where Federal Judge Hook, on November 22, held the law unconstitutional. The government took the case to the supreme court, assigning a series of formal errors. Department of justice officials reiterated today that the railroads, by agreement, would not press similar suits pending decision in this case.

## Teuton Press Claims Germany Will Not Recognize Venezelists

London, Nov. 28.—German newspapers regret the declaration of war by the provisional government of Saloniki as negligible, according to an Amsterdam dispatch to Reuters. The dispatch quotes the Koelnische Zeitung as saying:

"This government, or rebellion, has not yet been recognized by us. It does not exist to us, and therefore its declaration of war is nothing to us but a blank paper requiring no reply. Although we need not, and shall not take notice of M. Venezelos' declaration, we cannot disregard it in practice. The so-called army of the provisional government will act against the Bulgarians and us, and we shall make prisoners. These prisoners are rebels as long as we disregard the declaration of war, and must be treated as such."

The General Anzeiger of Dusseldorf says:

"Venezelos must not believe that his so-called government and his Franciscans will be recognized by Bulgaria or Germany as belligerents."

## SAILED, BUT CARRIED NO PASSENGERS

Amoy, China, Nov. 28.—The British steamer Glenogly sailed from this port yesterday evening. She carried no passengers.

The steamer Glenogly was held up at Amoy on November 21 by the Chinese authorities as she was about to sail for Mosopolonia, with a number of Chinese laborers. Germans in Amoy objected to the departure of the vessel on the ground that it was a breach of Chinese neutrality. The contracts with the laborers were also questioned and it was asserted that the ship's voyage violated the treaty between England and China.

## WAGES ARE INCREASED

Birmingham, Ala., Nov. 28.—Twenty thousand Alabama miners are affected by general wage increases announced today by the Alabama Coal Operators' Association. Every operating company in the district participated.

## CHIHUAHUA CITY REPORTED CAPTURED BY VILLA TROOPS; VILLISTAS MOVING NORTH

El Paso, Texas, Nov. 28.—Francisco Villa's bandit army after its reported capture of Chihuahua City is proceeding northward, according to meagre information obtainable here today. Carranza military officers at Juarez would not confirm the report that Villa had taken the city, but said they were advised Villa's forces were moving toward the border and steps were being taken to defend Juarez against a possible bandit attack. This action was in accordance with orders said to have been received last night from General Jacinto Trevino, Carranza military commander at Chihuahua.

General Trevino, one report stated, was moving southward with his forces to join the reinforcements under General Muirgo reported marching toward the state capital.

Direct word from Chihuahua City last night told of fighting Sunday between federal forces and Villa bandits within the city and stated that the Villa forces were withdrawing to the north. The message added that General Trevino's troops were then celebrating the defeat of the bandits and that repair trains had been sent out to restore communication with Juarez. Early today telegraph lines were working only as far south as Suez, twenty-six miles north of the state capital.

## TO HOLD SECRET SESSION

Paris, Nov. 28.—The chamber of deputies meets today in secret session for the second time since the beginning of the war. The first session was held from June 16 to June 22 of this year and ended in a vote of confidence in the government. The senate held a similar session a few days later and concluded its sittings in a similar way.

The session which begins today is certain to be a long one as 41 interpretations are to be put to ministers and almost every question vital to the conduct of the war is to be raised.

# Harley Is Wonder, But Ohio State Had Well Balanced Eleven

With the championship of the Western Conference safely tucked away by Jack White's Scarlet and Gray aggregation, Ohio football fans can consider this season a big success. It marks the first time that a Buckeye eleven has ever secured a sectional title. State garnered the honors in a roundabout fashion, but that is not to take a mite from their credit. They are the only team of the

conference to play through the schedule without losing a contest. With Ohio Harley leading the attack, State defeated Illinois and Wisconsin in close contests. Indiana was swamped while Northwestern was administered a neat trimming. Minnesota, with the plunging ability that experts claim is superior to what Ohio State can offer, whittled both Chicago and Minnesota, but

lost to Illinois, which made it a clean claim on the title. For the Buckeye, Northwestern won from Chicago but didn't do the things against the Maroons that Minnesota did. The Northwestern contest contained a great deal of football, some of which was sensational and some of which did not make it appear like a championship combat. The Scarlet and Gray outplayed

the Purple eleven from Illinois on a basis of 2 to 1 first downs and 3 to 1 in rushing the oval. Only on forward passing did the Northwestern excel, and this came about when desperate chances were being taken to overhaul the Wilcomen. In the pinches, Coker Murphy's gridgers could not deliver the punch. Ohio State placed its strongest eleven

on the field. Experts have not seen a Buckeye eleven in recent years that has come near playing the good, hard game that the Scarlet and Gray displayed. With each member of the aggregation a master of the fundamentals, the States are powerful in their team play. Body work and hand manipulation, foot work and head work, the States are very keen on. The attack, of course, is that

around Ohio Harley's stand on the kick formation, but the plays are run off in versatile fashion, and Northwestern could not keep their eye on the ball as well as State did. In the matter of quarter backing Yerges, of State, outclassed either Brightmore or Underhill. Not until the third period did Northwestern attempt the Minnesota shift, which with a variety of forward pass formation seemed

to be their best bet. Yerges used Ohio Harley to a faultless manner, while his picking of other plays could hardly have been improved upon. Harley has a burst of speed that is a big asset in his wonderful playing. He pivots mightily well, but his foot work can hardly be classed as any better than Paddy Driscoll's, although the North-

western captain did not get away so often. He smartly follows his underlings and picks out the holes in a deft hand. Harley is a bit more sensational, but he does not play any sounder football than do Bolen at left end or Higgins at center.

## BOWLING

Showing admirable generalship at all times and handling his men with tact and wisdom at every bend in the road, Captain W. K. Hutchins brought his "Cat Birds" through to victory in their struggle with Captain George Withelm's "Dippers" at the Play House alleys, Monday night. The "Cat Birds" did not make a clean sweep, they succeeded in capturing the first and second games, smashing a league record in the third game, when they rolled up a total of 325 pins. Thanks to the spectacular and consistent work of Contractor Grant, who had on his shooting clothes for fair and who amassed the single game record of the league with his 325 score in this record breaking contest.

While his team lost two out of three it was through no fault of Captain Geo. S. Withelm of the "Dippers." This star bowler rolled off a three game record, getting scores of 127, 128 and 124, good for a total of 379. There may have been more excitement since the war, but not in these parts. The players not only bowed like their lives depended upon the outcome, but the crowd simply howled in admiration and endorsement. When Captain Hutchins turned to the 7-8 split in the last game, there was as much noise made as when the Democrats heard from California in the late presidential election. The "Dippers" joined in the applause, which, friends, was deafening. The first time this word has been used to describing a bowling game. And, by heck, it is not strong enough, for that shot was a pipkin.

Bill Gableman, lead off man for the "Dippers" shot in fine form, less his second effort, to his first game he accumulated 113. Then he stripped a gear and came back with 84. Mad as a hornet and as determined as a football star, he bluffed into the wood for 137, much to his satisfaction and joy. Art Hanna, who tries all the time and all the time tries, had a fair evening, averaging well above the 100 mark and making some difficult scores. Ed Leach, who started in poor form, came to his own in the second and third games and made two heavy scores with that bullet ball of his. Captain George Withelm was as accurate as a Western Union clock and went through each game in great shape. Contractor Grant was the individual star of the "Cat Birds." His second game

was a revelation for accuracy. He got a rather poor first ball in the opening game, but then came to life for fair shooting. A mighty fine score and one that threatens to stand for ages to come. Frank Kober finished his evening's work in a blaze of glory, when he topped the rubbernecks for 416, a mighty fine effort for even a banker. George Krieger please take notice. Captain Hutchins was mighty good. He started with an even 300, and then blazed the way for his players by totalling 123 in his second game. Then he hit the low places and came through with 60. But it was a great night for the captain of the "Cat Birds"—make no mistake about that. Bill Orlinton, who makes as much noise as a blind heron, but who shoots with confidence and composure, sent three nice scores and played with his efforts. Leo York started out like a whirlwind and then subsided like a gentle zephyr. At that he got three nice scores, 143, 113 and 106. He hit 'em like cannon balls and incidentally got what was coming to him.

Now while all this was going on the Steel Plant bowlers were having their fun on alleys 4 and 5 at the big pins. The S. and J. Office team walloped the S. and B. Department aggregation three to one and are now leading the league. I. Smith, of the S. and J. team turned in the first 200 score of the league, and shot well thereafter. Bud Walters, that old war boss, rolled as anchor man for the S. and J. team and held up his end in a mighty fine style. Harry Jefferson, who can shoot a ball faster than thought it was propelled from the mouth of a cannon, was with the S. and B. team and did mighty fine, though not as well as he will do when the joints are all oiled up. The scores:

## Basketball Outlook At P. H. S.

As the football season is practically over P. H. S. basketball players are starting their practice. It is well represented on the basketball floor this year by a quintet that is sure to bring additional fame to the Red and Blue school. The P. H. S. basketball squad last season won the Southern Ohio High School Basketball championship and have a loving cup to show for their work. This year's team will be heavier and as fast as the 1915 aggregation and should win every contest on the schedule according to Coach H. Gates, under whose careful guidance and management the 1915 team played its way to glory.

"Dude" Baesman is captain of the P. H. S. five this year and by his work last year proved himself a star of the inside game. Also left from last year is Shumway, an experienced guard. Mathews, who has had wide experience at a military school, Glen Edwards who has had several years' experience in independent games and Shumway who is a graduate of the Boy Scout Basketball league, will likely compose the team with Baesman and Shumway.

Lett, Wells, Williams, Edwards and Quinn will also be candidates for the team. Two games each have been booked with Huntington, Gallipolis, Kingston and Waverly. Games will also be booked with Maysville, Ironton and Chillicothe. This will be Ironton's first year in basketball and while in Ironton last Saturday Coach Trout talked over basketball prospects with Superintendent McCorkle, who assured Prof. Trout that L. H. S. would certainly play P. H. S. any number of games they cared to schedule.

## Southworth Batted .300

Billy Southworth, former Ohio State league star, who played last season with Portland in the Pacific Coast league, found the pitchers in that organization to his liking for Billy finished the season with a batting average of exactly .300. Southworth was among the leading five sluggers in the league.

## Carpentier Now in Paris

Paris, Nov. 27.—Georges Carpentier, the French champion boxer, has been seen in Paris after being paid as an aviator at the reception of the monument on the Verdun front. Carpentier was decorated with the military medal for gallantry in action.

## Driscoll Is Re-Elected

Chicago, Nov. 28.—Captain "Paddy" Driscoll, of the Northwestern University football eleven, has been re-elected to pilot the team in 1917. It was announced here today.

## Games In Ohio

Thanksgiving football games in Ohio will be Cincinnati vs. Miami, at Carson Field; Western Reserve vs. Case, at Cleveland; Marietta vs. Kenyon, at Marietta; Mt. Union vs. Hiram, at Alliance; Muskingum vs. Wittenberg, at Springfield. Northern travels to Huntington, W. Va., to play Marshall.

## Pipe This, You Shamrocks

All members of the Shamrock football eleven are urged to meet at the sixteenth street field for practice tonight at 7:15 o'clock. Manager Putzok has a message for the players that is important to every player on the team.

## Miami Will Play U. of C.

Cincinnati, Nov. 28.—Miami, ranked as the next strongest team to Ohio State, will have things easy with U. of C. if the game comes off as expected. The game will be played in the morning. Both teams were idle Saturday. Saturday's games in the state were overshadowed by State's clash with Northwestern, but Kenyon deserves mention for defeating Western Reserve, while Oberlin showed up well to defeat Heidelberg.

## HAUGHTON WILL GIVE UP BASEBALL

Cambridge, Mass., November 28.—Coach Perry D. Haughton is expected to abandon his position with the Boston Braves to devote his time entirely to the Harvard football interests. Haughton, anxious to make Yale, as well as Tufts and Brown, smart for the liberties they took with the Grinnell is expected to devote his entire time to developing the eleven next fall.

## Furey Is Planning Another Fight Series

Cincinnati, Nov. 26.—It seems strange that Columbus boxing promoters never send for Cincinnati talent. It might also be remarked that Cincinnati promoters seldom give Columbus talent a chance to appear in this city. There will be a change of conditions in the future, however, as Al Spellman, who is managing the fight between Bobby Vaughn and Irish Patsy Cline on next Monday night at Columbus, intends to give local boys a chance to show their wares in the state capital. Spellman is in good with the sports of Columbus and the public has confidence in his ability to pull off first class shows.

Another manager of pugilistic contests, who is not going to overlook the Queen City scrappers is Barney Furey, who has established himself at Portsmouth, Ohio. He recently pulled off a very successful show, and within the next two weeks will hold another fight carnival at which many of the Cincinnati boys will appear. Manager Furey will be in town Wednesday and expects to re-engage Dame Fambry for another go in Portsmouth.

## Light Weight Half Backs

New York, Nov. 28.—Light-weight halfbacks have gathered in most of the 1915 plaudits. That's because they have been doing the bulk of the performing for the big colleges. If the pickers do their job with fearlessness and justice this fall it is quite likely that no All-American backfield of 1916 will displace an average poundage of much more than 160.

## A LITTLE VISIT WITH EDITOR WILLIAMS

Daniel Webster Williams, editor of the Jackson Standard-Journal is one man whose writings we follow weekly with feelings akin to envy. We wish that we had his capacity to understand, to enjoy and to write so entertainingly about nature and her works. Here in last week's paper he tells us that he takes his rest in manual labor and on a cold frosty morning last week he got up early and put in several hours in chopping wood. "The temperature was just right," says Mr. Williams, "cold enough to keep my coat on when I began working. There were a lot of saplings to cut up into brands, before beginning on the chip wood, and there were going to be sausage and turnips for dinner."

"Birds sang to me, two Wood Wrens, whose cheery notes rang out so joyously in spite of frost and cold weather, for their food is yet abundant."

"And then thoughts came singing in my head. Where do these thoughts come from, flitting by like humming birds on the wing, showing a flash of color, and then they are gone."

"Laying the sapling on the chopping log, one clean stroke of the ax, cut off a brand, and then four more, without a chip, and you almost begin to race with yourself."

"The next was larger, but cut easier, because the heart was dead and decaying, killed by fire, and I thought of other dead hearts burned out by passions. No one is worth much with a dead heart, and these brands will not make a hot fire. Next came a Service sapling long but crooked, and while it cut like cheese, the brands were heavy. I recalled that Sharp said that Service is heavier than Oak, and I speculated about their specific gravity."

"And then I saw Archimedes running home from the bath, through one of Syracuse's crowded streets, with no clothes on, and shouting 'Eureka.' You do not have to go to the movies to see wonderful pictures. Get your ax or your hoe, and let the movies come to you. Archimedes was perhaps the greatest man in the world, and yet a common soldier stabbed him with a sword (212 B. C.) while he was drawing on the sand, as if he were no more than a pig."

"Thus thoughts of death came to temper the joyous ones, and I saw Job sitting among the ashes near the gate of his city, and questioning high heaven. Before I grew too sad, an Ohio Cardinal called from a tree in Judge Delany's yard, and his brilliant color cheered, while I thought of James Lane Allen and Kentucky, a far cry from Chulden and Midian."

"Then I heard Peter McClain's voice, 'It is good for you to work like this,' and I thought of what I had read last night in Modern Painters, where Ruskin interprets Durer as saying, 'yes, but labor and sorrow are his strength.'

"Durer meant the labor in the daily work of men, wood chopping and all the lowlier forms, especially labor under the open sky. Such labor helps us to a fuller life. It strengthens the body, and at the same time turns the leaves of the book of nature before our eyes, entertains us with pictures in sky and landscape, brings fine singers to our very presence, regales us with sweetest fragrance. I often wonder why boys leave the farm, for the stuffy factory, or the foggy mine, and take on the livery of serfdom, when garbed even in rags on the farm, they seem a part of nature."

"I like Jackson county because all of us, with very few exceptions, work for a living, but my notes from time to time are intended for those who do not work with their hands."

When we were a kid at school we had Romeo and Juliet drilled into us in "English Literature" until we rather felt sorry that Bill Shakespeare had not passed in his checks before he wrote the thing. We knew of another little love affair that was progressing much better than any old thing that Romeo and Juliet could pull off and we were confident that we could improve upon the tale that we had to learn by heart. And then we saw the play upon the stage and did not change our opinion about it very much. And then again Saturday night we saw the play upon the films at the Columbia and for the first time we were impressed with the splendid beauty and imagery of this creation of the greatest writer of the ages. Reading the play over again after seeing the picture, we could get in closer sympathy with it, we could understand and interpret characters that hitherto had been but dim shapes to us. We enjoyed the filmed picture better than we did the real acting. And we have heard a number of other people say the same thing.

Judge James S. Thomas made quite an impression upon the officials and members of the bar of Portage county, where he recently held court for a couple of weeks upon special assignment of Chief Justice Hugh L. Nichols of the Ohio supreme court. In a personal letter to us in regard to a business matter, Hon. Albert L. Caris, clerk of courts of Portage county, took occasion to say in regard to Judge Thomas' work: "I cannot refrain from mentioning to you that last week Judge James S. Thomas, of your city, held court here and that we are greatly pleased with his work. His ability as a judge and his unflinching courtesy, have won golden opinions for him in Portage county."

In response to numerous inquiries as to what we expect to get out of the monumental and uniformly successful political work in which we were recently engaged, permit us to say that we picked out our job long ago. We are going to be made minister to Tibet and we are going to take a retinue of local exiles from that fair and frozen land along as secretaries, historians and drivers away of dull care.

The hardest thing in the world is to keep our desk from looking like a young cyclone had played over it all day long. And the next hardest is to find our papers and letters after the stenographer and the janitor have had a spell of tidying things up a bit.

## NOT WHILE MAW IS "PICKING UP"

Well, well, well. Wonders will never cease. Here come our old friends the Sheridan & Kirk Contracting company with the announcement that if the Lord gives them ten days more of good weather they will have the Wheelersburg paving done. We're not very expert in the paving line but we feel like sending up a special petition for that ten days. And if the weather holds out and Sheridan & Kirk keep their end of the bargain we believe we'll take 'em to Freshell's and buy 'em an oyster supper. And after we've fed 'em, we'll apologize to 'em for all the mean things we've thought about 'em, and for the few we've said about 'em for not finishing up the job in thirty days.

Senator Harding gracefully and gracefully mentions the name of his colleague, Senator Pomerene, in connection with the Democratic nomination for president in 1920. Senator Pomerene is a big man. He measures up to the job. He is one of the most sincere and honest men in public life, a man who is not swept off his feet by the clamor of the moment. We like him and we also like Senator Harding. And the thought comes to us that Ohio is fortunate in having two such well equipped gentlemen to represent her in the national senate.

We have another story, picked up on our recent political travels, that is equal to, if not better, than the "puppy" story we ran the other day. However, the official office censor, who disapproved of the pups has put a big foot down on the new story so we guess it will never see the light of day in this valuable family journal.

A New York court has ruled that a man may hit his wife if she is a poker fiend. If the wife has the same right we know some men who are likely to go around town with dents in their beans.—New Orleans States.

Busting seems to have been the habit with political campaign committees, this year. The Democratic national committee led the procession with a \$300,000 deficit, the Ohio Republican state committee ran a good second, with a hundred thousand shortage, the Republican national committee drags along with a minus of \$21,141, and the Seoto county Republican committee brings up the rear, lacking about \$700. That just shows the more you have the more you spend, for campaign funds were unusually plentiful all around.

Wealth always excites the envy of poverty, and it may become so that the owner of a grain of wheat, a cotton seed and an egg may become the most despised citizen of the community.—Houston Post.

## NEW-YORK-DAY-BY-DAY.

O.O. MEINTYRE.

New York, Nov. 28.—Speaking of snubbing the gentlemen of the press! Remove the earl's and incline the listeners to the story of a private film in which Mrs. Vernon Castle flickered through three reels at the Ritz-Carlton.

The Ritz is very exclusive, very, indeed. Any person with the slightest touch of uncouthness is not welcomed to enter the sacred portals. They might disturb the languid, jeweled ladies smoking their cigarettes.

The advance notice of the film is a literary gem of the purest ray serene. It read in part:

"This showing is designed for the army and navy defense organizations and the personal friends of Mrs. Castle. Members of the press will also be admitted. But it is the secret hope of the concern that only white shirt-fronts will be in evidence."

It must have been very embarrassing for the members of the press, who are accustomed to attending at fairs at the Ritz-Carlton garbed in sweaters and overhauls, and possibly chewing tobacco. A rough-neck crowd—these journalists—but how necessary they have been to lift Vernon and the fair Irene from mediocre jobs to fame and fortune.

William Thaw is back in town. He has been availing on the other side and only a few weeks ago extras were out that he had been killed. I saw him dancing the other night in the grill of the Majestic. He was the center of a gay crowd and while he was gay in a way I noticed that he stuck to luncheon.

At another table nearby I saw Marjorie Rambeau, a pretty young actress, who has just made a big hit on Broadway in a new play. And she did not dance. She has been too busy, perhaps, winning her way to stardom to absorb the intricacies of the fox-trot and the tango.

She was with her mother and dining quietly. Miss Rambeau at all times wears a pretty cameo brooch which she prizes highly and to which she attached a great sentimental value. It was at one time worn by Edwin Booth in a Shakespearean play.

Some fifteen or eighteen years ago,

when Don Marquis, the sweet singer of the Sun, wore his hair long and sported a big bow tie he belonged to a little Group of Serious Drinkers who used to tank up on Omar.

In speaking of it the other day, he said: "In one year I put twenty-seven astral pounds onto my Soul by Bending the Psychic Elbow."

In a pawnshop window on the Bowery the other day there appeared a pair of pledged baby shoes that had not been redeemed. A reporter saw them and accented a sob story and he found it.

The baby shoes had been pawned by a mother who used the money to buy medicine for the child. In the home were three other children without any clothes and they could not be sent to school.

The father had gone to the gutter through drink and finally deserted. And the woman, it was learned, was at one time a member of a prosperous family living on a fashionable uptown street and she ran away from an exclusive girl's school to marry the man who deserted her.

The parents were notified of the mother's plight and rushed to the dingy apartment in a limousine. They are reconciled now and she has gone back to live in plenty.

The Better Thing  
It is better to lose with a conscience clean  
Than win by a trick unfair;  
It is better to fall and to know you've been,  
Whatever the prize was, square,  
Than to claim the joy of a far-off goal

And the cheers of the standers-by,  
And to know down deep in your inmost soul  
A cheat you must live and die

Who wins by trick may take the prize,  
And at first he may think it sweet,  
But many a day in the future lies

When he'll wish he had met defeat,  
For the man who lost shall be glad at heart  
And walk with his head up high

While his conqueror knows he must play the part  
Of a cheat and a living lie

The prize seems fair when the fight is on,  
But save it is truly won  
You will hate the thing when the crowds are gone

For it stands for a false deed done,  
And it's better you never should reach your goal  
Than ever success to buy

At the price of knowings down in your soul  
That your glory is all a lie

# Yeggmen Fail In Effort To Crack Safe At Jasper

Yeggmen broke into J. W. Dewey & Son's large general store, located on the Canal road, at Jasper, Pike county, 2 1/2 miles west of Picketon, and 7 miles from Waverly, between midnight and one o'clock Tuesday morning and cracked the outer door of a big iron safe, but failed to obtain any money.

Mr. Dewey was awakened by the explosion and started to investigate. His home is but a short distance from the store, but the canal bed separates the two buildings. As he approached the store two men appeared in front and one of them warned him to stay back, at the same time firing a pistol shot in his direction. He promptly returned to his home, and as soon as the men drove away in a phaeton he gave the alarm. It was found that the entrance to the store had been gained through the front door. The outer door of the safe was charged with nitroglycerine. For some reason the robbers failed in their efforts to open the inner door. Because of their tampering with it Mr. Dewey himself was unable to open it and expects to send for an expert safemaker to adjust the door. Nothing was found missing from the store, the robbers evidently taking no chances on remaining long after finding they had been discovered.

Charles W. Miller, town marshal of Waverly, started for the scene in an automobile after being notified, and at the canal locks, just below Waverly, found the outfit the robbers had abandoned. The horse was identified as that of Charles Valley, of Clear Waverly, and the phaeton as belonging to his neighbor, George A. Baerzachs, the regiments having stolen them. Marshal Miller, upon his return to Waverly, had with him a pick, monkey-wrench and other tools which the robbers had left behind. They were identified as property of the D. T. & L. railroad and had been stolen from the company's pump-house at Waverly. It is supposed the robbers escaped on a D. T. & L. train.

## SCIOTO HAS CORN BOY CHAMPION

The winners in the district and congressional corn boys' contest as announced by J. R. Clarke of the State Board of Agriculture, contains the name of Willie Jenkins, of the Sixth district.

Young Jenkins is the son of Mr. and Mrs. William Jenkins of Wheelersburg, and is a pupil of the Wheelersburg rural school. He is fourteen years of age. The corn was grown as prescribed by the corn boys' rules of 1916 and a total of 84.62 bushels shelled corn was secured per acre. No fertilizer other than stable manure was used which goes to show what can be done on the ridge soils of this county. The soil consisted of a silk loam which is common on the uplands in this section. The corn was grown under adverse conditions, having been blown down while in full bloom.

The Security Bank of Portsmouth, through Henry Heer, furnishes the funds for the expenses of a trip to Washington for the champion corn boy of this district. The winners of the contest through the various parts of the state meet at Columbus, Monday, December 4, and make up a corn boys' special for a tour of the east.

This is the first corn boy champion that Scioto county has ever furnished. Young Jenkins was the winner of a \$50 prize last year which was also offered by the Security Bank and his perseverance this year has secured him a still larger prize. His teacher is Miss Nelle Barney, of Wheelersburg.

## PLAN FOR CONVENTION

The entertainment committee of the Scioto County Sunday School Association held a meeting Monday evening at the Second Presbyterian church and talked over preliminary plans for the entertainment of the number of delegates who will come to the city Friday, December 1, to attend the first annual convention of the Scioto County Sunday School Association, to be held in the German Evangelical church. J. H. Thompson, of the United Brethren Sunday school, was elected chairman of the entertainment committee. Plans are being made to have each church take care of a small number of delegates. Another meeting of the committee will be held Thursday evening, at 7:30 o'clock at the Second Presbyterian church.

Washington, D. C., Nov. 28.—Bankers today received a warning from the Federal Reserve Board against investing in foreign government's treasury bills for long terms. A statement issued by the board was interpreted informally by some officials as referring to the recent proposal of J. P. Morgan & Company, British financial representatives, that American bankers make loans on British treasury bills of indefinite total issue, secured by gold reserves held in Ottawa. These loans would be for ninety days, with privilege of five renewals for ninety day periods.

The board also told bankers that further extensive gold imports were dangerous only if followed by great loan expansion and inflation.

## CARS TO HANGING ROCK ON THANKSGIVING DAY

It was announced at the office of the Ohio Valley Traction Company Tuesday that traction cars will be run to Hanging Rock Thanksgiving Day and on every Sunday thereafter until further notice.

The first car for Hanging Rock will leave the New Boston "Y" station at nine o'clock Thursday morning and will arrive in Hanging Rock at ten o'clock.

The last car, at night from Hanging Rock to New Boston will leave the latter place at ten o'clock. It will take one hour to make the trip each way, from the New Boston station—or one hour and twenty minutes from Portsmouth to Hanging Rock.

The fare by using tickets from Portsmouth to Hanging Rock will be 37½ cents one way and the fare, where passengers use no tickets, will be 40 cents. The fare by using tickets to Wheelersburg is 12½ cents and the fare from this point to Hanging Rock is an additional 25 cents.

The Ohio Valley Traction Company's line in Hanging Rock at present it within three short blocks of the Ohio Valley Electric Company of Ironton, or in other words, passengers from this city to Ironton will be compelled to walk but three blocks to catch a car on the Ironton line bound for that city.

Eventually the Ohio Valley Traction Company of this city, will operate their cars directly into Ironton from Portsmouth.

## START WORK ON A NEW RAILROAD

Wheeling, W. Va., Nov. 28.—Construction work was begun today on a new railroad from this city to Greene county, Pennsylvania, which is to be extended later to Connellysburg, Penna., to provide a short cut connection between Pennsylvania Lines here and those along the Monongahela river.

## FRENCH POST IS ATTACKED

An attack was made last night by German troops on a small French post east of Maisons De Champagne. Today's official announcement says the assault was repulsed. Elsewhere on the front in France the night was quiet.

Washington, D. C., Nov. 28.—Alfred P. Thom, counsel for the railways executives' advisory committee was today before the joint congressional committee investigating transportation problems. Committee members sought to develop further testimony from him regarding his suggestions for solving, through legislation, the railways' difficulties.

## Store Victim Of A Revolver Thief

Six revolvers have been stolen from the Cooper Bros. general store in New Boston within the last six weeks. Over five weeks ago an unknown party broke into the store during the night and stole two revolvers and sometime Monday four more were taken.

Mr. Cooper feels sure that the guns were taken by someone who was in the store during a rush time Monday afternoon. The guns taken yesterday were a Smith and Wesson, 32, Colt 32 and two Harrington-Richardsons of 22 and 32 calibre. Every door and window were found securely locked Tuesday morning when the guns were found missing from their usual places in the show case, which is in the middle of the store, and to which a stranger would have easy access. Cooper Bros. are offering a \$25 reward for information leading to the detection of the guilty party.

## Club Rooms Open

The Scioto County Republican Club will keep their headquarters in the Haldean building on Gallia street, open throughout the winter months, and members are urged to drop around and mingle with the members.

Books, magazines and papers will be available. There is some talk of installing a billiard and pool table for the amusement of the younger as well as the older members. John Bergan, of the First ward, is in charge of the club rooms.

## ASSOCIATED WITH DR. RUGGLESS

Dr. Angus Adams, who recently passed the Ohio state dental board examination, has formed a partnership with Dr. S. D. Ruggless, one of the city's best known dentists, whose offices are located on Gay street near Sixth.

Dr. Adams, who is a sterling young man, is a graduate of the dental department of Northwest-

ern University, he having for several years been located in Chicago, where the dental department of this school is located. Dr. Adams is a son of Mr. and Mrs. Sam Adams, who are former well known residents of this city. They are now residents of the Windy City, having moved there from Missouri.

## Turkeys "Go Begging" On Pittsburgh Market

Pittsburgh, Pa., Nov. 28.—Following refusal of buyers here to purchase turkeys at high prices, many thousands of the fowls were still unsold today, and the quotations are likely to take another tumble during the day.

Annually great quantities of the birds are shipped to Pittsburgh from Ohio, West Virginia, and other nearby states just before Thanksgiving and the supply this year is even larger than in the past. Shippers yesterday asked 23 to 29 cents per pound for live turkeys and only sold a few at 25 cents a pound. Some dealers here expect the prices for dressed turkeys will quickly drop from 40 cents a pound to about 35 cents.

### BOYCOTT ON TURKEYS

Spokane, Wash., Nov. 28.—The Woman's Good Government League today adopted a resolution declaring a boycott on turkeys, butter and eggs until prices are reduced.

## BOOM OLLIE JAMES FOR SENATE JOB

Washington, Nov. 28.—Senator during the last session and to the Ollie James is being mentioned by the fact that he was permanent chairman of the St. Louis convention. ## The Movies

### At The Exhibit

Today Manager Law of the Exhibit theatre offers his patrons an extraordinary picture at cut prices. It is Hall Crane's wonderful story of "The Christian" in eight parts, 500 scenes and 3,000 people. This is not a religious play, but a superb love story which, dramatized, brought wealth and fame to Viola Allen, Edith Storey and Earle Williams. It is necessary to complete the production. It is considered the best acting picture ever made, as well as the most elaborate and careful presentation of the play ever given. This picture has been shown everywhere at high prices, and Portsmouth movie fans are given a treat when this photograph is offered at reduced prices. Edith Storey, assumes the difficult role of Glory Quayle, investing it with a youthful abandon and a mature understanding seemingly impossible to register on the screen. The matinee prices are 5 and 10 cents, but tonight the prices will be 10 cents and 15 cents.

### Miss Hunt To Sing

Miss Eva Hunt, well known singer and actress, will sing in Dr. Jekyll and Mr. Hyde, the play given by the Broadway Players at The Sun Theatre the first half of this week.

## CLAIMS BOY TRIED TO SET HER HOME ON FIRE

Mrs. Thomas Royal, wife of a steelworker, complained to the police Monday afternoon that a boy had tried to set their home at No. 2355 Eighth street on fire.

Mrs. Royal said other children had reported to her that the boy had deliberately thrown a blazing broom under the house. Her little son, James, she said, pulled the burning broom from under the house before

any damage could result. She said that when she warned the youngster that she was going to call the police he made faces at her and defied her to summon the officers.

Officer Floyd Shonkwiler was detailed to investigate. He found that John Shoppe, a thirteen-year-old orphan boy, who lives with a married sister on New Seventh street, was the youngster complained of. From

what the officers learned by close questioning of other children, the boy had thrown the broom into a vacant lot, but that it landed several feet away from the Royal property, instead of underneath the house. Shonkwiler took the lad to the home of his sister and advised her to take him to Judge T. C. Beatty, of the Juvenile court, and have him fitted out with clothes, of which he seemed to be in need.

## Dr. H. Blankemeyer Re-Elected Secretary Of Medical Association

W. H. Blankemeyer, a Chillicothe just returned from Waco to his street tailor, has received news of home at Arkansas Pass. At Waco he attended the thirty-third annual convention of the Texas Electric Medical Association and was honored by being re-elected secretary of the association for the tenth consecutive time. He was also made financial secretary in addition to his regular duties of secretary and will hereafter have entire charge of the work of both offices.

## Magnolia Lodge Has Nominated Officers

### (By H. M. S.)

Magnolia Lodge No. 590, Knights of Pythias, at a large and enthusiastic meeting Monday evening placed in nomination the following splendid knights for the new officers for the first half of 1917. As is the policy of this lodge, the regular chair officers who are efficient are promoted one step at a time, but for outside guard, the first rung on the ladder that leads to the highest office in the gift of the lodge. Four of the younger knights are in the race for the honor.

Past Chancellor, Fred Larcum; Chancellor Commander, Floyd Seymour; Vice Chancellor, Harry Echom; Prelate, Henry Becker; Master of Work, George T. Swagby; Keeper of Records and Seals, Philip Darr; Ralph Johnston; Master of Finance, A. S. Puffon; Master of Exchange, W. F. Blankemeyer; Master-at-Arms, Harry Reinhardt; Inside Guard, M. E. Quipp; Outside Guard, Paul Nowland, Carl Bauer, S. C.

Miller and Harry Le Masters; Trustee, George Teener; Representative to Grand Lodge (two to be elected) Arthur Flowers, George Pressler, Geo. T. Swagby and S. C. Holman; Altermates, Clyde Barber and J. O. Thompson.

The election will take place at the first meeting in December.

And now for the real big doings, the battle between the "Blues" and "Reds." Monastir has fallen again! The Bonnie blue banner waves over the ruins, while the red banner is trailing in the dust of defeat! The first contest resulted in a draw, which is lots worse than no "scrap" at all, but this time with Capt. Will Scott of the gallant "Blues" up at the top to command and pull out this Times man down at the bottom to push and "boost," the Blue machine rolled over the Reds as smooth as a street steam roller rolls over junk.

Next Monday night the third contest will be staged.

## Local Armory Is Visited By Thieves

Capt. W. J. Keyes, of Company K, enlisted the aid of the police Tuesday morning in investigating another robbery at the Armory located in the Distel building at Seventh and Chillicothe streets.

The finding of one .45-calibre Colt revolver by one of the Distel Furniture Company's men in the alley back of the Hibbs Hardware Company's store Monday, led to the discovery that the Armory had been entered. The door had been pried open.

Capt. Keyes believes that the Armory was broken into Sunday night. He said it would be impossible to determine just what was stolen besides the one gun, until he made an inventory. Considerable state property is kept stored in the Armory and he will make a report of the robbery to the authorities at Columbus.

## Nimrods Are Active; 900 Licenses Issued

The S. O. S. signal was flung from the tower of the local court house Monday, after Clerk John W. Hall had exhausted all of the hunting license blanks and still had to face a strong demand for them.

A rush order to Columbus was sent and Tuesday morn-

ing two hundred extra blanks arrived.

After these are gone, it is probable that no more licenses will be issued before the first of the year.

Over nine hundred licenses have been sold during the past ten and a half months. This far exceeds the number sold last year.

## PUBLIC INVITED TO THIS MEETING

## Wife Beater Found Guilty, Draws Fine

Hardy Thomas, a Fourteenth street negro, was found guilty in police court Monday evening of having beat his wife, Della Thomas, with a poker, and was fined \$25 and costs. The mayor suspended \$15 of the fine. Charles Womack and Ralph Hewitt, who were arrested for fighting Saturday night, both pleaded not guilty to disorderly charges and the court reserved its decision. John Bond, who was charged with discharging an officer, was dismissed with a warning.

## Freshel Is Victim Of Serenade Party

Si Straus and John Kah headed a gang of comically garbed men who swooped down upon the Palace cafe and restaurant Monday evening and serenaded the proprietor, George H. Freshel. The serenade was in celebration of his re-entry in the saloon business.

Si looked a typical Dutch comedian and Johnny was "way out there" with his sliding trombone.

Others had futes, whistles, drums and other instruments, or din-makers, with which an occasional diversion was offered, such as "Die Wacht Am Rhein," "How Dry I Am," "Swisslbaum," etc. George entered into the spirit of the occasion and enacted the role of band director. Many of his friends from all parts of the city were present to participate in or enjoy the merry-making.

## To Hold Entertainment

Portsmouth Local German-American Alliance has decided to hold a social entertainment for the pleasure of its members at Harigari hall.

New Year's eve. A program will be prepared of vocal and instrumental music. The first rehearsal of some of its members at Harigari hall, was held Monday night.

## Showed Fight, No Hold Up

Two men reported to Officer Albert Womack that a pair of highwaymen had tried to hold them up on lower Eleventh street late Monday night,

but that they themselves showed fight and scared off the would-be robbers. They said they chased them as far as Gay street.

### DRILL NIGHT FOR K BOYS

Sergeant Larsen, Marietta, U. S. instructor for non-commissioned officers in the Seventh Regiment, O. N. G., attended the regular meeting of Company K Monday evening.

The privates were put through the various movements for the benefit of the non-coms. This is the last time Sergeant Larsen will visit the local company before the annual inspection, which is to be held in January.

### WHY HE IS THANKFUL

I am thankful God blessed the seventh day because that in it He rested from all His work which God had created and made. So the blessing of labor is in the rest it affords and there is rest in that belief, though in our self we fail, for "eternal" virginity is the price of liberty. God is eternal. He pays it, that we may enjoy liberty in peace, under a constitution that provides for its own perpetuation having a way in itself that

it can be changed by the will of the people as they wish it to be, without violence or war. Let us be thankful that we have the God-given right to make men friends to inherit the blessing of God. I am thankful that I published the book figuring in the light reason, and the Sabbath school. Sabbath discipline is all that will solve the labor problem to the blessing of our nation.

A DEMOCRAT.

### TO HUSTLE HOME BOUND CARS

Matewan, W. Va., Nov. 28.—The car distributing office of the Norfolk and Western Railway has issued instructions to all mine operators in

the Pocahontas field to facilitate home-route movement on all foreign cars. These orders are based on the extreme car shortage that prevails in all over the country.

Don't let another sun set with your WANT untold. Use the TIMES which reaches over 9,000 homes every day.

Jacob, four-year-old son of Patrolman Harry Danham, who was threatened with amputation, was reported better Tuesday.
